Dear Trial and Appeal Board,

I, Michael Jackson would like to request that my case be reopened for reconsideration. I have been informed that there was an opposition filed against my claim, and would like an opportunity to correct any error in my application. I was just recently informed about the issue due to an error on the behalf of Legal Zoom who failed to update my Mailing address for your records. Please review and consider my case and, please update my address information in your database if it has not already been updated. I would greatly appreciate your understanding in this matter, and Thank you for updating me with the correct status of my application.

Thanks,

Michael Jackson
