**Opposition No.91188340**

**APPLICANT'S REQUEST TO AMEND IDENTIFICATION OF GOODS IN  
APPLICATION AND FOR SUSPENSION PENDING ENTRY OF AMENDMENT**

Applicant hereby respectfully requests that the identification of goods in Application Serial No. 78/046424 be amended to read as follows:

Computer hardware, computer peripherals and computer software for recording and transmitting sounds, images and signals; computer software for use in accessing and transmitting data, sounds and images, all of the aforementioned goods not designed specifically for use in preventing secured connections with computer networks

Opposer's consent to this amendment is attached.

The amendment should be deemed acceptable because it narrows, rather than broadens, the scope of the application. Further, the amendment is being made pursuant to a settlement agreement which will resolve the instant Opposition proceeding.

Wherefore, Applicant requests that the Board enter the requested amendment.

Pending the Board's consideration of this request and the entry of the amendment, the Applicant requests the suspension of the proceeding.

Respectfully submitted,
