v.

The Concept Foundation

Ann Linnehan, Interlocutory Attorney

On February 5, 2010, opposer filed notice of a testimonial deposition on written questions. When a notice of a testimonial deposition on written questions is filed with the Board, it is the policy of the Board to suspend all proceedings not germane to the deposition on written questions until the deposition is completed. See Trademark Rule 2.124(d)(2). Accordingly, proceedings are suspended to allow for the orderly completion of the deposition on written questions.

The parties are allowed until twenty days from the completion of the deposition on written questions in which to inform the Board of the completion of the deposition so the Board may reset the close of petitioner's testimony period. During the suspension period, the parties should not file any

paper that is not germane to the deposition on written questions.
