Think Schuhwerk GmbH,)

NOTICE OF OPPOSITION

Think Schuhwerk GmbH, formerly known as Marko Schuhfabrik GmbH¹, (hereinafter “Opposer”), a corporation organized and existing under the laws of Austria and having a principal place of business at A-4794 Kopfing Haupstrasse 35 Austria believes that it will be damaged by registration of the mark shown in application Serial Number 77/408,045 in International Class 35 and hereby opposes the same.

This Notice of Opposition is based on 15 U.S.C. § 1063(a) and the grounds for the opposition are as follows:

¹ Effective August 1, 2009, Marko Schuhfabrik GmbH legally changed its name to Think Schuhwerk GmbH. See copies of corresponding official documentation and certified English translation thereof contained at Exhibit A.

1. An extension of time, to and including September 2, 2009, was requested by and duly granted to Opposer by the Trademark Trial and Appeal Board pursuant to 37 C.F.R. §2.102.

2. Thereafter, upon receipt of consent from Applicant's Attorney, Christina Liu, a 60 Day Request for Extension of Time to Oppose upon Consent was filed by Opposer. The additional request was duly granted by the Trademark Trial and Appeal Board extending the deadline to Oppose until November 1, 2009.

3. On information and belief, on February 27, 2008, CMP Media LLC, who subsequently changed its name to United Business Media LLC (hereinafter "Applicant"), a limited liability company of Delaware, filed an application in the United States Patent and Trademark Office to register the mark **THINK SERVICES** (hereinafter "Applicant's Mark") as a service mark for use in association with the following services, as amended "Arranging, promoting and conducting trade shows, business conferences and business expositions in the field of computer hardware and software design, engineering and development of multimedia computer game applications, non-entertainment games and applications of interactive technology in the fields of training policy exploration, analytics, visualization, simulation, education, health and therapy, business technology, telecommunications applications and information technology, computer technology; providing business event news and information regarding tradeshow, business exhibitions, and business events to visitors, attendees and exhibitors via a global computer information network; Online exchange services, namely, providing a market via the internet for the purchase and sale of digital assets and digital media products; on-line retail store services in the field of customer support and technical support-related products, mail order services in the field of customer support and technical support-related products; Providing news and information via the internet in the fields of business technology; Consulting services in the field of operating call centers for others; Direct marketing services, namely, providing promotional information on the goods and services of others via e-mail; association services, namely, promoting the interests of customer support and technical support providers and business services, namely, conducting business and practice research surveys in the field of customer

support and technical support, performing data analysis in the field of customer support and technical support, providing information relating to employment and career counseling and placement, all in the field of customer support and technical support.” (hereinafter “Applicant’s Services”) in International Class 35 (hereinafter “Applicant’s Application).

4. Applicant’s Application was assigned Application Serial No. 77/408,045 and the mark was published for opposition in the *Official Gazette* of May 5, 2009.

5. Applicant filed Applicant’s Application under the intent to provisions of 15 U.S.C. § 1051(b), and filed an Amendment to Allege Use on March 6, 2008 alleging a date of first use of February 29, 2008 and a date of first use in commerce of February 29, 2008. The Amendment to Allege Use was approved by the United States Patent and Trademark Office on June 17, 2008.

6. Applicant acquired no rights in Applicant’s Mark in the United States prior to February 27, 2008, when Applicant filed Applicant’s Application.

7. There is no issue of priority. Prior to the alleged first use date and the filing date for Applicant’s Application to register Applicant’s Mark, and/or prior to any date of use upon which Applicant can rely, Opposer, on April 18, 2007, filed its Request for Extension of Protection of its International Registration No. 0934984 for its THINK mark (hereinafter “Opposer’s Mark”) for use in International Class 35, Application Serial No. 79/042,753, with “Retail store services in the field of men’s, women’s and children’s shoes, bags, clothing and leather goods; assistance in business management and product commercialization within the framework of a franchise contract” (hereinafter “Opposer’s Services”).

8. Opposer’s prior pending application was assigned Application Serial No. 79/042,753, and on September 30, 2008, that pending application matured to registration, Registration No. 3,508,870.

9. Applicant’s Mark not only incorporates the whole of Opposer’s Mark but also the dominant portion of Applicant’s Mark is identical to Opposer’s Mark.

10. Applicant’s Mark and Opposer’s Mark are used or intended to be used in association with the same or related services.

11. On information and belief, it is expected that Applicant's Services, in connection with which Applicant uses and/or will use Applicant's Mark, are or will be marketed to the same potential purchasers in the same relevant markets as are the services in connection with which Opposer uses or will use Opposer's Mark.

12. On information and belief, Applicant uses or will use the same or similar media to advertise and/or promote Applicant's Services under Applicant's Mark as is used or is to be used by Opposer to advertise and/or promote Opposer's Services under Opposer's Mark.

13. Upon information and belief, the services marketed under Applicant's Mark are or will be distributed through the same channels of distribution and are or will be purchased and used by many of the same individuals and entities as those of the Opposer's Services.

14. Because of the similarity of marks, services, relevant markets, advertising, channels of distribution, purchasers, and/or users, Opposer believes that there is a very strong likelihood of confusion if Applicant is permitted to register Applicant's Mark for use in conjunction with Applicant's Services.

15. If Applicant is granted the registration herein opposed, Applicant would be placed in a position to deceive or mislead the public, as the registration would give Applicant *prima facie* exclusive rights to Applicant's Mark and all confusingly similar marks, thereby causing damage and injury to Opposer.

16. Because of the similarity of marks, relevant markets, advertising, channels of commerce, purchasers, and/or consumers, registration of Applicant's Mark would cause damage and injury to Opposer.

17. Because Applicant's Mark consists of a mark which is identical and/or closely resembles a non-abandoned mark prior used in the United States by Opposer, and Applicant's Mark is likely, when used in connection with Applicant's Services, to cause confusion, to cause mistake, or to deceive, registration of Applicant's Mark is therefore barred under 15 U.S.C. §1052(d).

18. Accordingly, Opposer prays that said Application Serial Number 77/408,045 be rejected and the registration of the mark therein shown for the services therein specified be refused and denied.

Respectfully submitted this 29th day of October, 2009.
