**MOTION FOR AN EXTENSION OF
ANSWER OR DISCOVERY OR TRIAL PERIODS WITH CONSENT**

The discovery period in the above-captioned proceeding is currently set to close on June 2, 2014. Opposer Marshfield Utilities (hereinafter "Opposer") hereby submits this motion on stipulated consent to extend such date by ninety (90) days, or until August 31, 2014, and that all subsequent dates be reset accordingly.

Pursuant to the Board's Order dated August 12, 2013, the parties were directed to submit a report accompanying any further suspension or extension requests that sets out the progress of their settlement negotiations.

The parties continue to be involved in settlement negotiations relating to resolution of the open issues in this proceeding. The parties have exchanged proposed terms to

govern a possible settlement of this matter and counsel for each of the parties communicated with each other via telephone and/or e-mail on May 16, 2014, May 21, 2014, May 23, 2014, May 24, 2014 and on May 28, 2014 relating to settlement of this matter.

The unresolved issues in the proposal continue to involve (1) an amendment to the description of services contained in the opposed application, and (2) potential geographical restrictions on Applicant's use of the mark sought to be registered. At this point in time, counsel for each of the parties continue to believe that settlement of this proceeding can be reached during the ninety (90) day extension requested herein, but still need additional time to complete negotiations on the remaining open issues, to confer with their respective clients, and to finalize a settlement agreement once resolution of the remaining issues are reached. The parties therefore request that the deadlines in this proceeding be extended as set forth below to allow for time to complete negotiations, confer with counsel and to negotiate and finalize a settlement agreement in this proceeding.

If the parties' negotiations fail for any reason, however, the parties request that the Board re-set the remaining dates in the proceeding as follows:

This motion is being filed by Opposer's counsel. Opposer has secured the express consent of Applicant for the extension and resetting of dates requested herein. A copy of this motion as filed is being served upon Applicant's counsel of record via e-mail as agreed upon between the parties.
