Jackel International Limited

v.

Admar International Inc

Jennifer Krisp, Interlocutory Attorney:

On December 12, 2011, opposer filed a consent motion informing the Board that the civil action which occasioned the suspension of this proceeding was dismissed, and that the parties are engaged in two civil actions pending in the United States District Court for the Southern District of New York, and the 4th Judicial District Court for the State of Louisiana.

Inasmuch as the pending civil actions involve the same parties and/or common issues, proceedings herein remain suspended pending final determination of the civil action.¹
See Trademark Rule 2.117(a).

¹ A proceeding is considered to have been finally determined when a decision on the merits of the case (i.e., a dispositive ruling that ends litigation on the merits) has been rendered, and no appeal has been filed therefrom, or all appeals filed have been decided. See TBMP § 510.02 (3d ed. 2011).

Within twenty days after such final determination, the parties shall so notify the Board and call up this proceeding for appropriate action.

During the suspension period, the parties shall notify the Board of any address changes for the parties or their attorneys.
