BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

In the matter of LINEARdrive, Application Serial No. 77/723,652

Linear Technology Corporation,)	
)	
Opposer,)	
)	
v.)	Opposition No. _____
)	
EldoLAB Holding B.V.,)	
)	
Applicant.)	

NOTICE OF OPPOSITION

Linear Technology Corporation, ("Linear"), a Delaware corporation with a principal place of business at 1630 McCarthy Boulevard, Milpitas, California 95035, believes it will be damaged by registration of the mark LINEARdrive in Classes 9 and 11 (Application Serial No. 77/723,652) and hereby opposes the same.

As grounds for opposition, Linear alleges as follows:

1. Linear manufactures, markets and sells in commerce throughout the United States a wide variety of integrated circuits and other electronic products and components, and has done so for many years.

2. Linear has continuously used the corporate and trade name Linear Technology Corporation since at least as early as 1981; Linear has used the trademark and/or service mark LINEAR for its aforesaid goods since at least as early as 1983. Linear also uses and owns a family of LINEAR-based marks for its aforesaid goods, including but

not limited to LINEAR TECHNOLOGY, LT LINEAR TECHNOLOGY and LINEAR EXPRESS ("the LINEAR marks").

3. Linear has registered its various LINEAR marks with the United States Patent and Trademark Office. The following registrations are valid and owned by Linear:

MARK / REG. NO.	FIRST USE DATE REGISTRATION DATE	GOODS/SERVICES
 Reg. No. 2,719,252	March 28, 1983 May 27, 2003	Class 9: Electronic components, namely, integrated circuits.
LINEAR TECHNOLOGY Reg. No. 2,771,194	March 28, 1983 October 7, 2003	Class 9: Electronic components, namely, integrated circuits.
 Reg. No. 2,773,279	March 28, 1983 October 14, 2003	Class 9: Electronic components, namely, integrated circuits.
 Reg. No. 2,771,195	March 28, 1983 October 7, 2003	Class 9: Electronic components, namely, integrated circuits.
LINEAR EXPRESS Reg. No. 3,103,266	July 1, 2003 June 13, 2006	Class 35: On-line retail store services featuring integrated circuits and related components.

Reg. Nos. 2,719,252, 2,771,194, 2,773,279, and 2,771,195 are incontestable. Current printouts of information from the electronic database records of the USPTO showing the current status and title of these registrations pursuant to Trademark Rule 2.122(d)(1) are attached as Exhibit A.

4. Linear has sold many millions of dollars worth of integrated circuits and other electronic products and components under its LINEAR marks in the United States, including LED lighting drivers and apparatus, other lighting drivers and display apparatus, electrical power control products, power switching regulators and controllers, power amplifier controllers, transformer drivers and other related products, and has spent substantial sums

in developing, producing, advertising and marketing such products and related services under the LINEAR name and marks in commerce.

5. Linear owns and operates an Internet web site located at the domain name <linear.com>, where Linear advertises and promotes its integrated circuits and other electronic products and components.

6. By virtue of Linear's extensive use, sales, advertising and promotions, the LINEAR name and marks represent extremely valuable goodwill.

7. On April 28, 2009, Applicant filed an application to register the mark LINEARdrive for the following goods:

Class 9

Control-regulating equipment and instruments for lighting, namely, electrical controllers, electric switch plates, electric light dimmers, electric light switches; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, power access port for use with electrical control panels for connecting multiple data and electrical devices, power amplifiers, power controllers, power transformers for amplification, electrical transformers, accumulator boxes, electric conductors, switchboards, electronic regulating and control devices for the operation of light emitting diodes; data processing equipment, namely, data processors.

Class 11

Apparatus for lighting, namely, lighting fixtures, LED lighting fixtures, LED lighting fixtures for use in display, commercial, industrial, residential and architectural accent lighting applications; light diffusers; lighting installations, namely, landscape lighting installations.

8. On information and belief, neither Applicant nor any predecessor or related company of Applicant has any basis for claiming priority rights in LINEARdrive prior to April 16, 2009.

9. Applicant's use of and application to register the mark LINEARdrive is without Linear's consent or permission.

Count I: Likelihood of Confusion Based on Linear Trade Name

10. Linear incorporates herein the allegations of Paragraphs 1 through 9.

11. Applicant's use and registration of LINEARdrive is likely to result in confusion, mistake or deception with Linear's LINEAR corporate and trade name, or its LINEAR products or services, and to create the false impression that Applicant or its goods or services are connected or affiliated with, or licensed or approved by, Linear.

Count II: Likelihood of Confusion Based on LINEAR Trademarks

12. Linear incorporates herein the allegations of Paragraphs 1 through 9.

13. Applicant's use and registration of LINEARdrive is likely to result in confusion, mistake or deception with Linear's family of LINEAR trademarks, or its LINEAR products or services, and to create the false impression that Applicant or its goods or services are connected or affiliated with, or licensed or approved by, Linear.

WHEREFORE, registration by Applicant of the aforesaid mark would be damaging to Linear, and Linear requests that LINEARdrive be denied registration in Classes 9 and 11.
