TSDC, LLC

v.

Beyond The Box, Inc.

Michael B. Adlin, Interlocutory Attorney:

Applicant's answer and purported counterclaim, filed December 27, 2010, is noted. Applicant's putative counterclaim will be given no consideration, however, because "[t]he only type of counterclaim that may be entertained by the Board is a counterclaim for cancellation of a registration owned by an adverse party." TBMP § 313.01 (2d ed. rev. 2004). Here, opposer does not plead ownership of any registration(s), only pending applications. Dates remain as set in the Board's order of November 15, 2010.
