IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

GOJO Industries, Inc.

Opposition No.:

Opposer,

Application Serial No. 77/845,877

v.

Pure Bioscience

Mark: PURE BIOSCIENCE and Design

Applicant.

Filed: October 9, 2009

NOTICE OF OPPOSITION

GOJO Industries, Inc., (GOJO) an Ohio corporation with a principal office located at One GOJO Plaza, Suite 500, Akron, Ohio 44311, is successor-in-interest to Johnson & Johnson in the above-identified action. Effective October 29, 2010, GOJO Industries, Inc., acquired ownership from Johnson & Johnson of the several trademark registrations upon which this opposition is based as is evidenced in the attached assignment documentation which has been recorded in the Assignment Branch of the USPTO (see Exhibit A).

GOJO believes it will be damaged by the registration of the mark shown in Appln. Ser. No. 77/845,877 for the mark PURE BIOSCIENCE and Design; and, therefore, opposes registration of this mark.

Appln. No. 77/845,877 was filed on October 9, 2009, for “anti-microbial preparations for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; anti-microbial preservatives for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; antiseptics for use in

agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; disinfectants for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; antiseptics; antifungals; antivirals; anti-microbial preparations for use as an active ingredient in pharmaceutical preparations”, in International Class 5. The application was published for opposition purposes on June 29, 2010. Opposer’s predecessor-in-interest, Johnson & Johnson obtained extensions of time to oppose to December 26, 2010, which fell on a Sunday.

The grounds for opposition are as follows:

1. Opposer is engaged in the development, manufacture and sale of a variety of over-the-counter personal care and healthcare products, and has built a large and successful business in the personal care, healthcare, manufacturing, janitorial, food service, food processing, sanitation, military, education, and other fields.

2. Opposer is the owner of the mark PURELL used for a variety of personal care and healthcare products in the nature of hand sanitizing gels, hand and lotion soap, as well as for related personal care products including an instant hand sanitizer gel which it markets to the fields enumerated above in paragraph 1. These well known products are classified as disinfectants, anti-bacterials, anti-microbials, and germicides, amongst other classifications. The first use of the PURELL mark for the products described above dates back over nineteen (19) years, to at least as early as November of 1991, and the use of the PURELL mark in commerce has been continuous from that date through to the present.

3. Opposer owns several valid and subsisting U.S. trademark registrations incorporating its PURELL mark. Among these are:

a. PURELL Reg. No. 1,696,754 registered June 23, 1992 for “hand sanitizing and disinfecting preparation with anti-bacterial and anti-microbial properties”, in Class 5.

b. PURELL Reg. No. 1,710,677 registered August 25, 1992 for “anti-bacterial and anti-microbial hand and lotion soap”, in Class 5.

c. PURELL and Design

Reg. No. 2,321,519 registered February 22, 2000 for “hand sanitizing and disinfectant preparation with anti-bacterial and anti-microbial properties”, in Class 5.

Registration Nos. 1,696,754 and 1,710,677 are incontestable. All of the foregoing registrations are collectively referred to as the “PURELL Registrations”. The marks which are the subject of these registrations shall be referred to as the “PURELL Marks”. As reflected in the USPTO’s online database, the PURELL Registrations were assigned to Opposer by Opposer’s predecessor-in-interest on October 29, 2010. Copies of details of the PURELL Registrations from the U.S. Patent and Trademark Office database, showing the current status and title of these registrations, are attached as Exhibit A.

4. The PURELL Marks of Opposer are in use in commerce for personal care and healthcare products, and this use has been continuous since before the respective dates of registration for the PURELL Registrations and back to the dates alleged for first use in each of such registrations, all of which registrations long predate the application filing by Pure Bioscience (“Applicant”) for the mark PURE BIOSCIENCE and Design.

5. Opposer, Opposer's licensees, and Opposer's predecessors-in-interest have prominently and extensively used, promoted and advertised the PURELL Marks for many years through varied promotional and advertising media. The promotional activity for the PURELL mark extends over nineteen (19) years, back to at least as early as November of 1991.

6. As a result of Opposer's extensive investment and effort in promoting the PURELL marks, the PURELL mark has become recognized as a well-known mark, and a famous mark. As a consequence, Opposer owns extremely valuable goodwill represented by the PURELL Marks.

7. Personal care products sold by Opposer under its PURELL Marks include hand sanitizing gels and hand and lotion soap.

8. Applicant seeks registration of the designation PURE BIOSCIENCE and Design for "anti-microbial preparations for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; anti-microbial preservatives for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; antiseptics for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; disinfectants for use in agriculture, food and beverage processing, water treatment, and the manufacture of personal care, janitorial, and sanitation products; antiseptics; antifungals; antivirals; anti-microbial preparations for use as an active ingredient in pharmaceutical preparations", in Class 5.

9. Upon information and belief, October 9, 2009, the filing date for the PURE BIOSCIENCE and Design mark, is the earliest priority date upon which Applicant can rely.

10. Applicant's alleged mark PURE BIOSCIENCE and Design

is so similar in overall commercial impression to the PURELL Marks that it is likely, when used for the goods identified in paragraph 8, to cause confusion, or to cause mistake or to deceive.

11. Opposer is not connected in any way with the Applicant of the alleged mark PURE BIOSCIENCE and Design.

12. Opposer's fanciful PURELL mark is of sufficient fame and has a sufficient reputation among consumers that when Applicant's alleged PURE BIOSCIENCE and Design mark is used for its enumerated goods, a connection with Opposer will be presumed by consumers.

13. Upon information and belief, Applicant's use of the alleged mark PURE BIOSCIENCE and Design upon the goods identified in paragraph 8 will falsely suggest a connection with Opposer.

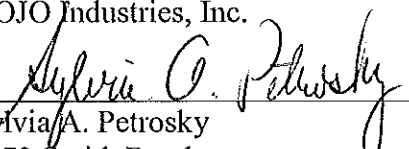

14. The registration of Applicant's alleged PURE BIOSCIENCE and Design mark for the goods identified in paragraph 8 would be inconsistent with Opposer's rights under its aforementioned registrations and the common law, and would be damaging to Opposer.

WHEREFORE, Opposer requests that Appln. Ser. No. 77/845,877 be rejected, that no registration be issued on that application, and that this Opposition be sustained in favor of Opposer.

Respectfully submitted,

GOJO Industries, Inc.
