FUTURE, FUTURE COUNTRY a global intellectual property in the USA, UK and Europe.

I designed FUTURE to resemble a country. The global product infrastructure is the ideas of global
people and countries and gives people of any country a global FUTURE voice for their ideas in any
marketing sector. The focus is on the global poor with a way to help all people in all countries. I want
global people and countries to have their ideas and rights through a decade of my life's work and ideas
to be in the formation of a global intellectual property resembling a country. This needs to be saved
from over a decade of USA -Trademark cancellations, global monopolizes vs global individual ideas
rights FUTURE -FUTURE COUNTRY.

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand. A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up

To PEP BOYS OWNER
AND ALL INVOLVED
AND CORPORATE HEADQUARTERS
PEP BOYS
3111 WEST ALLEGHENY AVENUE
PHILADELPHIA, PA 19132
PHILADELPHIA COUNTRY

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand.

A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up

that was contrary to the original stance. I was disappointed because I had relied on the word of the original intent. Money and power of your company is at issue here. The FUTURA tire of 1964 is separate from the brand FUTURE. If this company wanted the FUTURE brand, why hadn't they applied for it before? My intention is to have the brand FUTURE to have a global infrastructure that would help people. I would very much like to be part of this. A meeting with Mr. Jeffrey Rachor would be appreciated. Please recognize the global benefits of working with me. If these rights go abandoned, Chantecaille has the Fraud agreement of 2004 set up to get global rights of the people to take this agreement which was set up by my own lawyer in an agreement that was misleading to me.

Your oppositions no. 91157538; 91157768; 91158277; 91158509; 91158520; 91158786; 91159159; 91164461; 91164602; 91165913; 91170501; 91173632 are destroying me and other people globally and their rights to use FUTURE for their own ideas.

Discovery Period to close: 8/3/07; Plaintiff's 30 day testimony period to close 11/1/07; defendant's 30-day testimony period to close: 12/31/07 and Plaintiff's 15-day rebuttal testimony period 2/14/08 is in progress.

Please respond to me concerning these attacks as soon as possible

Note the countries that controlled their technology was left behind of the countries that shared their technology wanted to work with other countries and people Please respond asap Stop your attacks on us the people and our Future

Pep Boys FUTURA Tires For 4 Years VS Brand FUTURE and Kent G. Anderson, an individual, for automobiles, vehicles all goods and services associated and connected to.

Kent Anderson says FUTURA is separate as Pep Boys only has a tire, wheel covers, hub caps For FUTURA; he views FUTURE as separate from FUTURA; and Kent envisions his years and ideas which he had applied to FUTURE In US; UK; Europe can benefit people globally for realizing their own ideas.

The FUTURE belongs to the people; he wants to see that opportunity to be there for them. Kent sees the FUTURE Brand as a global open door infrastructure where all people and countries can bring forth new ideas, as well as, benefit by using their own ideas with the brand name FUTURE. A global revenue stream would help reinvest in people.

Kent envisions a global intellectual property where people can license non exclusive the Brand FUTURE For their own ideas with people and countries working together. The goal of have anybody benefiting from this brand with countries working together and sharing the Brand FUTURE, is Kent's motivation for years.

Kent Is looking for partners and a law firm as partners to represent the Global people's ideas and rights in federal court VS Pep boys and the FUTURA tire of 1964; FUTURE is new.

A Personal letter from kent G Anderson
President Founder of FutureVisionaries.com

To: the People , the Visionaries ..

People have a right to know This is the peoples Future.

Bringing this to your attention . The Pep Boys Manny, Moe & Jack of California

"Pep Boys", a California Corporation, located and doing business at 311 West Allegheny Avenue, Philadelphia, Pennsylvania vs. Kent G. Anderson, an individual

doing business at 925 North Griffin, Bismarck, ND 58501 in a brand dispute. The details are at [TABVUE USPTO](http://TABVUE.USPTO) web page.

I'm in a battle for the rights of the brand FUTURE. I don't have the funds to fight this trademark battle. I'm asking for financial help in the form of business loans for a start up business that has been pending for years. Funds and years have been spent applying for the brand FUTURE in the US, UK and CTM. This brand can be shared so all people and countries can benefit by The Brand FUTURE For their own ideas, and having a place to realize their ideas for products and services.

As an inventor, I know the challenges that people have to overcome when they don't have the resources as other do. Their ideas are not heard.

With the brand FUTURE people will be have the opportunity to have their rights and ideas help create new economies globally.

On May 22, 06 these rights to the brand FUTURE are threatened.

I am looking for funds to equally represent these rights and funds for a start up company.

I want people know who I am and what I believe in.

Please send me your thoughts.

Kind regards.

Kent G Anderson
Founder president

Summary - story

2010 My Name Is Kent G Anderson. Having big ideas, I had applied for the Brand FUTURE in 2000. This brand name is to have global meaning to all people; I didn't want to see the brand FUTURE being controlled. I also wanted to draw attention to the USPTO and how companies would apply for one good in a class and say that they claim all of the goods in that class. The individuals with few resources didn't have a chance. It seems to me that everything is being controlled by the affluent.

I have invested years of my life applying for the Brand FUTURE, only to have companies apply after me. Chantacile A cosmetic Company of New York applied for Future Skin whereby I had the mark FUTURE LOOK before them. My own attorney in DC worked in their best interest not mine by putting all of the goods and services in the USA, UK, and Europe in the agreement.

I didn't understand what they were planning. It was posted with the USPTO. I received no royalties or anything. They are using my own ideas and using my signature. This huge intellectual law firm in NY are using my ideas which were met to be used globally. I had planned to let people share in this brand through licensing the brand to create jobs and opportunities. Their agreement is not fair; they had only cosmetic; class 3 will need to continue to be pending.

Pep Boys have also opposed FUTURE Brands. They have tires under the FUTURA Brand. They now want all of Class 12 everything associated and connected to automobiles. My vision was the Brand FUTURE for automobiles being shared by people who would benefit with the use of their own ideas. Then there's a company in UK FUTURE Publication who want class 16 and entertainment services. I've made nothing from my ideas and patents.

I need help with advice and funds, partners to protect this huge portfolio and global rights.

We believe in our visions and have built the brand FUTURE around this vision. With our pending global infrastructure in all sectors, with our pending rights in the USA, UK, CTM, and with the sharing of the brand FUTURE with licensing potential, new jobs and opportunities will allow new infrastructures interconnecting facilities worldwide. With Our brand FUTURE in automobiles etc. and the large pending global infrastructure, new industries will be developed where people will have the means to test and market their ideas in any marketing sector. By working together and combining our resources with Our brands FUTURE and the pending projects in sharing through licensing, benefits can be gained by all people.

GOAL GLOBAL MISSION AND GLOBAL BUSINESS STRATEGY

* As one of many, we are strong. Our goal is to secure rights globally to the brand FUTURE, to create global opportunities from the brand so that all people can benefit from the brand FUTURE with their ideas and dreams. Global organizations and companies affiliated with brand FUTURE will create global resources and infrastructures that will allow development of new ideas and a means for new industries to be developed. Global benefits will be created for all people.

* My vision and belief is that the brand FUTURE has the ability to create opportunities for all people and build new jobs and industries globally. Opportunities will be available to all people, especially the people who have ideas for products and services but do not have the resources. The opportunity would include using their trademarks, copyrights and patents with the brand FUTURE which would help inventors, etc. to be heard and to realize their potential. For example, individual's designs for automobiles etc. would be used and associated with the brand FUTURE. The global infrastructure built with the brand FUTURE would be able to support their efforts with knowledge and resources. By working together with the brand FUTURE and sharing by licensing ideas and products to each other, each individual will benefit from the brand FUTURE. Companies and individual will be allowed separately to benefit from the FUTURE brand globally.

* Global Trademark Matter: Challenger vs. Kent Anderson over the brand FUTURE. I do not want to see the brand FUTURE controlled by one when it should offer benefits to many. I'm looking for trademark -attorneys who want to help. And Seeking volunteer help.

Who We Are

I am Kent Anderson, founder and president of FutureSM Enterprises. The brand FUTURE should be shared to allow people to benefit globally. I know that my plan and the years of my life's work will allow the creation of new jobs globally and create opportunity for others. I am asking for financial help. The brand FUTURE has challengers who have vast financial resources. As an individual, I do not have the financial resources to meet the ongoing cost associated with the global pending infrastructure and for maintaining the intellectual property rights in the USA/UK/CTM. Please address questions and concerns to me.

I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new crossroads to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders; people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world can. This will be accomplished by focusing on the new, not the old TMSM.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name FutureSM. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future IslandSM, Research centers, retail, health, communications, etc.

This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. Applicant's Filings are incomprehensible, and Opposer Pep Boys submits, in violation of the Board February 28, 2013 Order in this proceeding. Nevertheless, to the extent Applicant's Filings request relief (as discussed below), Opposer hereby responds to same.

Further, to the extent Applicant's October 21, 2013 filing is considered a response in opposition to the Motion for Sanctions, Opposer hereby submits its Reply to that "opposition".

I. APPLICANT'S FILINGS

Applicant's October 18, 2013 filing is captioned with this proceeding number and Opposition No. 91203191, and appears to be a combined filing intended for both proceedings.¹ As relevant to this proceeding, Applicant appears to be requesting an extension of time (of unspecified length) to answer Opposer Pep Boys' First Requests for Admissions served on Applicant on September 30, 2013. It may be that Applicant also is seeking through this filing, an extension (again, of unspecified time) of Applicant's testimony period. Finally, Applicant's October 18, 2013 filing (on the second page) "prays for the Opposer's oppositions to be dismissed and the judgments in favor of the Applicant and global people's FUTURE-FUTURE COUNTRY..." No grounds are set forth for this "claim" for relief.²

Applicant's October 21, 2013 filing seems primarily to be comprised of Applicant's "responses" to Opposer's First Requests for Admissions to Applicant. However, the October 21, 2013 filing also "prays for a no default judgment to be entered" (on the first page of the filing), "prays for relief and judgment" (on page 15 of the filing), and states (on the second page) that "Applicant needs a time extension to find legal counsel."³

II. APPLICANT'S EXTENSION REQUESTS

To the extent Applicant's October 18, 2013 filing seeks an extension (of unspecified duration) of time to respond to Opposer's First Set of Requests for Admissions, this request

¹ Opposer is not a party to Opposition No. 91203191.

² Attached to the October 18, 2013 filing are Opposer's First Set of Requests for Admissions to Applicant, several pleadings, papers and correspondence in Opposition No. 91203191, and letters from Applicant to President Obama and to the General Secretariat of the Council of the European Union.

³ Attached to the October 21, 2013 filing are the same letters attached to the October 18, 2013 filing (see n. 2, above), and several other documents previously filed in this proceeding, which Applicant characterizes as "evidence".

appears to be mooted by Applicant's October 21, 2013 filing.⁴ To the extent Applicant seeks an extension (of unspecified duration) of Applicant's trial period in this proceeding, although Applicant does not set forth good cause, Opposer would not object to an extension of reasonable duration (thirty days would be reasonable).

However, to the extent Applicant seeks an open-ended extension to find legal counsel, Opposer does object. In this regard, it should be noted that Applicant originally was represented by counsel (Dwayne L. Bentley) in this proceeding. By Order dated May 9, 2012 (docket #7), the Board allowed Mr. Bentley to withdraw as counsel, and allowed Applicant thirty days to appoint new counsel. Thereafter, Applicant sought an indefinite suspension to retain counsel. This request was denied by the Board's Order of September 24, 2012 (docket #11), but the Board did grant Applicant a (partially retroactive) extension of "nearly four months" (*id.*, p. 2) to hire new counsel, which the Board deemed more than sufficient. In fact, Applicant now has had over a year to retain counsel in this proceeding. The "renewed" request for an indefinite suspension or extension to do so, at this juncture, obviously is interposed merely for purposes of delay, and should be denied.⁵

III. RESPONSE TO APPLICANT'S REQUEST FOR JUDGMENT

Applicant's Filings both request that judgment in Applicant's favor be entered in the opposition. However, neither filing sets forth any cognizable legal basis whatsoever for such relief at this stage of the proceedings. Therefore, such requests should be denied.

⁴ Opposer in no way waives its right to challenge the sufficiency of the purported responses of Applicant to Opposer's Requests for Admission (in fact, they are patently inadequate), or to seek an Order deeming any of those responses admitted.

⁵ In fact, Applicant has counsel currently representing him in other pending opposition proceedings. See September 26, 2013 Order in Opposition No. 91184524 (docket #67), pp.2-3.

IV. REPLY IN SUPPORT OF OPPOSER'S MOTION FOR SANCTIONS

Applicant's response to Opposer's Motion for Sanctions, *in toto*, is this (p.1 of

Applicant's October 21, 2013 filing):

Applicant received the Opposer's motion for sanctions on Oct. 15, 2013. Applicant has difficulty understanding why this is allowed. The Applicant and global people FUTURE COUNTRY denies the Declaration of Marsha G. Gentner and the sanctions by PEP BOYS. The Applicant did no wrong and committed no fraud and damages of any kind. This action will destroy the Applicant and global people and countries pending rights.

The Applicant and global people FUTURE prays for a no default judgment to be entered on behalf of the Applicant and the global people FUTURE COUNTRY.

Applicant points to no specific (or even general) averment in the Gentner Declaration that is not true and correct, let alone any purported reason for his conclusory denial of same. Opposer has demonstrated that Applicant failed to comply with the Board's September 9, 2013 Order, and that Applicant was fully forewarned of the consequences if such compliance was not forthcoming. Applicant does not present a single argument, and points to no fact and no document indicating to the contrary or showing such compliance. Thus, although Applicant asks that the Motion not be granted, in effect, the Motion – or at least the legal and factual basis for it – is conceded.

Indeed, Applicant's Filings (which are unintelligible and contain duplicative material that the Board repeatedly has ordered and admonished Applicant not to file), reinforce that sanctions, in the form of default judgment, are the only fair and adequate response to Applicant's intentional disregard of the governing procedural rules and regulations, and the Board's Orders for the lawful and orderly conduct of these proceedings. Applicant, once again, has demonstrated that no lesser sanction which the Board is empowered to assess will suffice.

Accordingly, the Motion for Sanctions should be granted, thereby mooting all remaining issues raised as a result of Applicant's Filings.

Respectfully submitted,
THE PEP BOYS MANNY, MOE & JACK
