Interlocutory Attorney:**

On August 20, 2014, applicant filed a proposed amendment to the drawing in its application Serial Nos. 85441320, and 85441324, with Opposers' consent.

By the proposed amendment, Applicant seeks to amend the drawing of mark in each subject application from:

Although the Board finds that Applicant's proposed amendment of the drawing of its mark does not constitute an impermissible material alteration to

the mark, the proposed amendment cannot be approved at this time since Applicant failed to also provide an amendment of the description of the mark, with Opposers' consent, to correspond with the amended drawing of the mark.

In view thereof, Applicant is allowed until **twenty (20) days** from the mailing date of this order to submit a proposed amendment of the description of its mark, failing which the Board will give no further consideration to Applicant's proposed amendment of the drawing of its mark.

Proceedings otherwise are suspended pending Applicant's response to this order.¹

¹ Applicant's consented motion to suspend filed concurrently with its motion to amend is deemed moot in light of this order.
