EcoWater Systems LLC

v.

Mitsubishi Electric Corporation

Millicent Canady, Paralegal Specialist:

Before addressing applicant's consent motion for yet another extension of time, filed May 8, 2014, the Board notes that this case is now going into its second year and the pleadings have yet to close. Applicant's answer is due as indicated below, however, no further requests for extension of time or suspension will be granted, even if consented, unless the parties report to the Board, in significant detail, and much greater detail than they have to date, on the progress of any ongoing settlement negotiations. Such a report must include: a detailed statement of issues that have been resolved and issues that remain to be resolved, and a detailed and firm timetable for resolution. Absent such a report, any future motion to extend or suspend will not be approved, even though agreed to by the parties.

Accordingly, applicant's consented motion filed May 8, 2014 to extend time to file an answer to the notice of opposition, and to extend conference, disclosure, discovery and trial dates, is granted. Trademark Rule 2.127(a).

Answer is due **August 23, 2014**. The conference, disclosure, discovery and trial dates are reset in accordance with applicant's motion.

In each instance, a copy of the transcript of testimony together with copies of documentary exhibits, must be served on the adverse party within thirty days after completion of the taking of testimony. Trademark Rule 2.125.

Briefs shall be filed in accordance with Trademark Rules 2.128(a) and (b). An oral hearing will be set only upon request filed as provided by Trademark Rule 2.129.
