v.

Shutterup.com Florida, Inc.

Karl Kochersperger, Paralegal Specialist:

Applicant's motion filed May 29, 2013 fails to indicate proof of service on opposer, as required by Trademark Rule 2.119.

Applicant is allowed *twenty days* to serve a copy of its filing on opposer and to re-file its motion including a proper certificate of service,¹ failing which this motion will receive no further consideration. Strict compliance with Trademark Rule 2.119 is required by applicant in all future papers filed with the Board.

¹ It is noted that applicant's filing intends to dispose of this proceeding. As the filing fails to include a certificate of service, the Board is unclear as to whether the opposer has received a copy of this motion, even though applicant has included an "electronic signature" for opposer.
