Opposition No. 91209778

Shipcom Wireless, Inc.

v.

Catamaran Inc.

**David Mermelstein, Administrative Trademark Judge:**

Applicant's motion, filed March 26, 2013, to divide the subject application is **GRANTED** in part, to the extent that unopposed International Classes 036 and 044 are divided into two separate "child" applications. The "child" applications will be processed and notices of allowance will issue in due course. However, applicant concedes in its April 24, 2013, reply brief, that International Classes 009 and 035 should remain together in the "parent" application, subject to this opposition proceeding.

Proceedings are otherwise suspended pending disposition of the motion to dismiss. Any paper filed during the pendency of this motion which is not relevant thereto will be given no consideration. See Trademark Rule 2.127(d).
