NOTICE OF OPPOSITION

Pursuant to 37 C.F.R. § 2.104(b), Opposer, Paragon Decision Resources, Inc., a Delaware corporation with a business address of 633 East State Highway 121 South, Suite 250, Coppell, Texas 75019, hereby opposes registration of the following trademark application: 86/060,692 for the mark PARAGON, published in the *Official Gazette* of January 28, 2014 (“Applicant’s Mark” or “Applicant’s Application”). Opposer believes that it will be damaged by registration of the mark identified above, and Opposer requests that registration to Applicant be refused.

As grounds in support of its opposition, Opposer asserts as follows:

1. Opposer and its related entities and predecessors in interest has adopted and continuously used the term “PARAGON DECISION RESOURCES” as a trademark for its services since long prior to any date of first use upon which Applicant can rely. Opposer has acquired

extensive rights, including a worldwide reputation for quality services and other goodwill, in the marks PARAGON and PARAGON DECISION RESOURCES for, inter alia, relocation services, human resources consulting, career advisory services, recruitment services, and related goods and services (“Opposer’s Services”).

2. Among other rights, Opposer owns U.S. Trademark Registration Nos. 3,928,988 and 3,926,129 for the marks PARAGON DECISION RESOURCES and PARAGON DECISION RESOURCES & Design covering the following services in International Classes 35, 36, 41, and 45:

Business relocation services; business management and business consulting services and providing information related thereto in the fields of employee and business relocation and mobility; business and employee relocation consulting concerning relocation policies, practices and procedures; business and employee relocation consulting concerning the development of relocation policies, practices and procedures and mobility programs; moving and relocation services, namely, planning and implementing moves of businesses employees for others; business development services, namely, providing start-up support for businesses of others in connection with relocation and mobility; business continuity consulting prior to and following relocation or a move; conducting business research and surveys in connection with employee and business relocation and mobility; human resources consulting in the field of business and employee relocation; employment recruiting consultation; human resources consultation in the field of diversity in workplace in connection with relocation and mobility; human resources consultation concerning compensation, payroll, employee relations, diversity, labor relations, government regulated employment compliance, work/life balance and quality of life, and anti-discrimination compliance; business consulting services, namely, providing assistance in development of business strategies and creative ideation in connection with business and employee relocation and mobility; providing labor relations services, namely, establishing committees with unions to promote improved relations between employers and unions and providing business advice and consultation on labor contract negotiations; personnel management consultancy and business management consultation related to business and employee relocation and mobility; business consulting services regarding business and organizational restructuring in connection with business relocation. business consulting services in the field of human resources department development, namely, for the promotion and establishment of employee retention, career growth, and increased productivity for employees and employers in connection with employee and business relocation and mobility in International Class 35;

Consulting services related to employee and business relocation and mobility in the field of state and federal employee benefit plans; HR consulting services in the field of state and federal employee benefit plans in International Class 36;

Educational and training services, namely, providing individual sessions, classes, seminars and workshops in the fields of business and employee relocation and mobility and distribution of training material in connection therewith; human resources training and training relating to compensation, payroll, employee relations, diversity, labor relations, government regulated employment compliance, work/life balance and quality of life, and anti-discrimination compliance; education services, namely, conducting orientation sessions to employees and businesses related to the relocation and mobility in International Class 41; and

Consulting services concerning legal matters in the field of employment and labor; analysis of employee and business relocation and mobility policies to ensure compliance with public sector laws and regulations in International Class 45.

(collectively, “Opposer’s Registrations”), with priority from use in commerce at least as early as April 15, 2009. Opposer’s Registrations are valid and subsisting. Title and status copies of Opposer’s Registrations are attached as Exhibit A.

3. In addition, Opposer owns common law rights in the marks PARAGON and PARAGON CAREER RESOURCES for Opposer’s Services (Opposer’s common law marks and Opposer’s Registrations, collectively referred to as “Opposer’s Marks”).

4. There is no issue as to priority. Opposer has continuously used one or more of Opposer’s Marks, or a derivative thereof, in connection with Opposer’s Services since at least as early as April 15, 2009. On information and belief, any date of first use or constructive first use to which Applicant could claim trademark rights is subsequent to Opposer’s date of first use.

5. By virtue of Opposer’s use of Opposer’s Marks, the public has come to associate Opposer’s Marks with Opposer and Opposer’s Services.

6. On or about September 10, 2013, Applicant filed an application based on an intent-to-use, Serial No. 86/060,692, for PARAGON for *Software as a service (SAAS) services featuring professional development resource software for predictive modeling and information reporting in*

the fields of job applicant screening, tracking, evaluation, selection, and placement, employee evaluation, and employee recruitment in International Class 42.

Count I – Likelihood of Confusion - § 2(d)

7. The mark Applicant seeks to register is identical, nearly identical, or highly similar to Opposer's Marks. In fact, Applicant's Mark is identical to or entirely contained within Opposer's Marks. The services recited in Applicant's Application are highly related to Opposer's Services and the services covered by Opposer's Registrations. Further, customers of the services identified in Applicant's Application are identical, similar, or related to those targeted by Opposer. The trade channels in which the services identified in Applicant's Application would travel are identical or similar to those in which Opposer's services travel.

8. Due to the nearly identical, nearly identical, or highly similar nature of Applicant's Mark and Opposer's Marks, as well as the highly similar services associated with the parties' respective marks, the use and registration of Applicant's Mark (i) is likely to cause confusion, mistake and deception as to the source, origin, affiliation and/or sponsorship of Applicant's services within the meaning of Section 2(d) of the Trademark Act and (ii) will result in irreparable damage and injury to Opposer and the goodwill and reputation symbolized by Opposer's Marks. Persons familiar with Opposer's Marks would be likely to use Applicant's services believing that such services originate from, are associated with, or are sponsored by Opposer, thereby enabling Applicant to misappropriate and unfairly trade upon Opposer's valuable goodwill and reputation in Opposer's Marks, all to Opposer's irreparable damage.

9. Furthermore, any defect, objection, or fault found with Applicant's services marketed under Applicant's Mark would necessarily reflect upon and seriously injure the reputation which Opposer has established for its quality goods and services marketed and sold under Opposer's

Marks. Likewise, use of Applicant's Mark would diminish the ability of Opposer's Marks to function as source indicators for Opposer's goods and services. Thus, the grant of registration to Applicant for Applicant's Mark would create statutory rights in Applicant's Mark in violation of the established prior rights of Opposer in Opposer's Marks and will damage Opposer's reputation and goodwill in Opposer's Marks.

WHEREFORE, Opposer requests that this Opposition be sustained and that registration of the Applicant's Mark be refused.

Pursuant to 37 C.F.R. § 3.6(a)(7), the statutory Notice of Opposition filing fee of \$300 is being charged electronically to Opposer's counsel's credit card. Please charge any excess fees to the deposit account of Opposer's counsel, Deposit Account No. 13-0480.
