v.

EnerSkin Korea

Amy Matelski, Paralegal Specialist:

Opposer's consented motion filed June 23, 2016 to extend disclosure, discovery and trial dates is granted. Trademark Rule 2.127(a).

Trial dates are reset in accordance with Opposer's motion.

Inasmuch as Opposer has provided the Board with an updated report of the parties settlement discussions as previously required, the parties are reminded that there is a continuing obligation to provide good cause in the form of detailed progress reports for any further extension or suspension requests. Future requests must provide a detailed report explaining how the parties spent the current extension period discussing settlement including: advising of the date of all contacts between the parties' counsel discussing settlement during the extension period (i.e., via telephone, by letter, e-mail or in person), identifying the issues that remain to be resolved and providing a firm timetable for resolution. Absent a detailed progress report, future requests to suspend (or extend) may not be granted.

In each instance, a copy of the transcript of testimony together with copies of documentary exhibits, must be served on the adverse party within thirty days after completion of taking of testimony. Trademark Rule 2.125.

Briefs shall be filed in accordance with Trademark Rules 2.128(a) and (b). An oral hearing will be set only upon request filed as provided by Trademark Rule 2.129.
