New Jersey Turnpike Authority

v.

Boardwalk Pizza, Inc.

This proceeding is fully briefed. The Board notes Opposer/Petitioner's request for an oral hearing, filed on November 14, 2017 pursuant to Trademark Rule 2.129(a).

The request does not include all of the information which is necessary before scheduling a hearing, specifically whether any party plans to participate by video conference

Accordingly, the requesting party is allowed until fifteen days from the mailing date of this order to submit, through ESTTA, a response to this order which includes the information that was not included with the request for an oral hearing. If the Board does not receive a timely response to this order, the Board will presume that both parties will attend the oral hearing in person.

If the Board, by a response to this order, has been informed through ESTTA, that any party plans to attend the hearing by video conference, a USPTO video conference technician will arrange a test of the equipment provided by the party to facilitate attendance by video conference. It is the responsibility of any party planning to participate by video conference to contact the video technician via email at VTCOPS@uspto.gov to make appropriate arrangements to allow such participation. The USPTO is not responsible for providing parties with the means to participate by video conference.

Once the Board has received an acceptable response to this order providing the necessary information, and has confirmed the hearing date and time, the Board will issue written notice of the hearing. *See* Trademark Rule 2.129(a) and TBMP § 802.03.
