v.

Samsung Electronics Co., Ltd.

ELIZABETH J. WINTER, INTERLOCUTORY ATTORNEY:

Opposer's unconsented motion (filed August 7, 2016) to extend the deadline for production of documents as set forth in the Board's June 30, 2016 order, is noted.

In the June 30, 2016 order, the Board advised Opposer that the Board will not consider Opposer's request for extension of deadline for production of documents if Applicant's written consent to such request is not of record.

Accordingly, because Applicant's written consent to the proposed extension of the deadline for the production of documents is not of the record, Opposer's motion is hereby **denied**.

Trial dates remain as set in the Board's June 30, 2016 order.
