Consented Motion to Amend Application & Withdrawal of Opposition

Vocalzoom Systems Ltd. (“**Applicant**”) respectfully seeks, with the consent of KABUSHIKI KAISHA ZOOM (“**Opposer**”), to amend the specification of goods of U.S. Application Serial No. 86357567, by detailing to which industries\sectors the goods are being sold and in which systems they are being embedded. The amended specification of goods would read as follows:

Electronic and optical communications instruments and components to be sold to manufacturers of mobile telecommunication devices, namely, hardware for use in speech enhancement and voice recognition, namely, electro-optical microphones and optical microphones for embedding into mobile telecommunication devices, phones, phone conference platforms, video conference platforms, tablets, smartphones, computers, headset, helmets, headgear and wearable communication devices; and

Electronic and optical communications instruments and components to be sold to original equipment manufacturers (OEM) of computers and computer-based platforms, namely, hardware for use in speech enhancement and voice recognition, namely, electro-optical microphones and optical microphones for embedding into Automatic Teller Machines (ATM), self-service kiosk machines, and computers; and

Electronic and optical communications instruments and components to be sold to vehicle manufacturers, namely, hardware for use in speech enhancement and voice recognition, namely, electro-optical microphones and optical microphones for embedding into vehicular entertainment systems, vehicular audio systems, vehicular speech enhancement systems, vehicular voice recognition systems, and vehicular sound systems.

Following acceptance of such amendment, the Opposer hereby withdraws
TTAB Opposition No: 91223836.
