Trademark Rule 2.102(c) provides, in pertinent part, that:

(c) The time for filing an opposition shall not be extended beyond 180 days from the date of publication. Any request to extend the time for filing an opposition must be filed before thirty days have expired from the date of publication or before the expiration of a previously granted extension of time, as appropriate. Requests to extend the time for filing an opposition must be filed as follows:

(3) After receiving one or two extensions of time totaling ninety days, a person may file one final request for an extension of time for an additional sixty days. The Board will grant this request only upon written consent or stipulation signed by the applicant or its authorized representative, or a written request by the potential opposer or its authorized representative stating that the applicant or its authorized representative has consented to the request, or a showing of extraordinary circumstances. No further extensions of time to file an opposition will be granted under any circumstances.

The additional extension of time requested on behalf of potential opposer, if granted, would result in total extensions of time aggregating more than 180 days from the date of publication. Accordingly, the requested extension is denied.

However, if you believe you are entitled to a further extension of the opposition period, you must submit a timely written request that conforms to Trademark Rule 2.102.
