MOTION FOR SUSPENSION WITH CONSENT

Opposer Senseonics, Incorporated (“Opposer”), with the consent of Applicant EvoSense Research & Development GmbH (“Applicant”), requests further suspension of the Opposition for 30 days and that all trial dates be reset accordingly, on the grounds that the parties are engaged in settlement discussions. Pursuant to the Board’s Order dated September 4, 2019, Opposer provides the following status report showing good cause and setting forth the specific efforts that the parties have made towards settlement during the previous periods of suspension, along with a proposed reset trial schedule.

1. The parties have been engaged in productive settlement discussions, and believe that they are close to reaching a final settlement. The parties have been primarily negotiating amendments to Applicant’s identification of services in Trademark Application Serial No. 86/845,324 (the “Application”).

2. As of their most recent substantive correspondence on July 10, 2020, the parties agreed on the final agreement to be signed that will lead to dismissal of the Opposition.

3. On June 9, 2020, the parties are exchanging a final agreement that will lead to dismissal of the Opposition.

4. On March 13, 2020, the parties reached a tentative settlement on all but a single term and needed time to finalize the agreement that will result in withdrawal of the Opposition.

5. On December 11, 2019, Applicant tentatively agreed in principle to the settlement terms proposed by Opposer, but Applicant needed to obtain the approval of others in Applicant's company regarding the scope of the amendments to Applicant's identification of services and the final settlement agreement. The parties only needed to finalize the scope of the amendment to the identification of services and the final settlement documentation.

6. On May 21, 2018, Applicant sent an email to Opposer's counsel, providing its proposed amendment to the identification of services and a draft settlement agreement.

7. On December 3, 2018, Applicant sent an email to Opposer's counsel, regarding Applicant's settlement proposal with a modification to its proposed amendment to the identification of services.

8. On May 30, 2019, Opposer's counsel indicated in an email to Applicant that Opposer continued to find some of the terms in Applicant's settlement proposal unacceptable and provided a counterproposal primarily relating to amendments to the identification of services in the Application and to making the settlement terms reciprocal.

9. On August 18, 2019, Applicant agreed in principle to the terms proposed by Opposer's counsel on May 30, 2019.

10. On December 6, 2019, Opposer's counsel sent an email to Applicant, regarding Applicant's settlement proposal with a modification to its proposed amendment to the identification of services.

11. The parties have finalized a settlement agreement that will lead to Withdrawal of the Opposition. The only remaining actions are the parties must sign the agreement, Applicant must seek the approval of the Office to amendments to the descriptions of goods in the application and, following Office approval, Opposer must immediately file a Withdrawal of the Opposition.

12. The parties propose the following reset schedule:

Discovery Closes	August 10, 2020
Plaintiff's Pretrial Disclosures Due	September 24, 2020
Plaintiff's 30-day Trial Period Ends	November 8, 2020
Defendant's Pretrial Disclosures Due	November 23, 2020
Defendant's 30-day Trial Period Ends	January 7, 2021
Plaintiff's Rebuttal Disclosures Due	January 22, 2021
Plaintiff's 15-day Rebuttal Period Ends	February 21, 2021
Plaintiff's Opening Brief Due	April 22, 2021
Defendant's Brief Due	May 22, 2021
Plaintiff's Reply Brief Due	June 6, 2021
Request for Oral Hearing (optional) Due	June 16, 2021

WHEREFORE, in view of the foregoing, Opposer respectfully asks that the Board grant the Motion to Suspend with Consent for 30 days and reset disclosure, discovery and trial dates accordingly.

Dated: July 10, 2020

Respectfully submitted,

By: /R.J. Heher/
