Altigi GmbH (hereinafter "Opposer" or "Altigi"), a gesellschaft mit beschränkter haftung organized under the laws of Germany, having offices at Theodorstr. 42-90, Haus 11, 22761 Hamburg, Germany, believes that it will be damaged by the registration of U.S. Serial No. 87/044911– Goodgames (and design) -- for “ (Based on Use in Commerce) On-line retail store services featuring games, game accessories boxes and decks (Based on Intent to Use) Franchise services, namely, offering business management assistance in the establishment and operation of retail outlets that feature board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of games; Retail outlets featuring board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of games” in

International Class 35, and “Organizing, conducting and operating board games, card games and other forms of competitive tournament; entertainment in the nature of board game, role playing game and card game tournaments conducted at retail outlets” in International Class 41 by Good Games PTY, Ltd. (hereinafter referred to as “Applicant”), a corporation organized under the laws of Australia with an address of 6 Spireton Place, Pendle Hill NSW 2145, Australia – and hereby opposes registration of the same under the provisions of *Section 13 of the Trademark Act of July 5, 1946, 15 U.S.C. § 1063*. As grounds therefor, it is alleged that:

1. Altigi has since long prior to Applicant’s constructive use filing date of May 20, 2016 for the mark Goodgames (and design), been engaged in the offering of and performing a wide variety of online and video games and gaming services in the United States under the marks Goodgame (and design), GGS Goodgame Studios (and design), Goodgame Empire and Goodgame Studios (collectively, the “Goodgame Marks”).

2. Opposer is a well-known developer and distributor of computer and video games, which it offers to customers who sign up for its gaming services under Opposer’s Goodgame Marks at Opposer’s website, www.goodgamestudios.com. Customers in the U.S. have been using Opposer’s gaming services under Opposer’s Goodgame Marks for at least eight (8) years. Opposer has continuously offered its games and performed gaming services under the Goodgame Marks to customers in the United States since at least as early as 2009.

3. Opposer owns numerous U.S. registrations for its well-known Goodgame trademark for a wide variety of online and video computer games and gaming services, as identified below:

Copies of current printouts from the USPTO's TESS database showing the current status and title of these registrations are attached to this Notice of Opposition as Exhibit A.

4. The certificates of registration identified in paragraph 3 are valid and subsisting and record title is in Opposer; the certificates of registration are *prima facie* evidence of the validity of the registrations, the Registrant's ownership of the marks, and of the Registrant's exclusive right to use the marks in commerce in connection with the goods specified in the certificates of registration under the provisions of 15 U.S.C. § 1057(b) and constructive notice of the Registrant's claim of ownership under 15 U.S.C. § 1072.

5. On May 20, 2016, Applicant filed application Serial No. 87/044911 – Goodgames (and design) – for “(Based on Use in Commerce) On-line retail store services featuring games, game accessories boxes and decks (Based on Intent to Use) Franchise services, namely, offering business management assistance in the establishment and operation of retail outlets that feature board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of games; Retail outlets featuring board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of games” in International Class 35, and “(Based on Intent to Use) Organizing, conducting and operating board games, card games and other forms of competitive tournament; entertainment in the nature of board game, role playing game and card game tournaments conducted at retail outlets” in International Class 41.

6. The goods and services offered under Applicant's Goodgames mark are identical to Opposer's goods and services sold and offered under its Goodgame Marks.

7. Upon information and belief, the goods and services for which Applicant seeks to register the designation Goodgames will involve offering identical goods and services under a nearly identical mark to the same persons to whom Opposer provides such goods and services under its Goodgame Marks.

8. Upon information and belief, Applicant's goods and services are and/or will be marketed, promoted and offered through the same marketing channels as are the goods and services provided by Opposer under its Goodgame Marks.

9. The portion of Applicant's Application which is purportedly based on use in commerce, "On-line retail store services featuring games, game accessories boxes and decks", claims a date of first use in the U.S. as early as August 15, 2007. However, upon information and belief, at the time of Applicant filing its application herein, Applicant had not performed the services set forth in its application continuously and had not made bona fide use of the mark in the United States on such services continuously to persons in the United States since the claimed date of first use, namely August 15, 2007. Accordingly, because Applicant was not making continuous and bona fide use of the mark sought to be registered in the U.S. as of the August 15, 2007 sworn date of first use alleged in its May 20, 2016 trademark application, for "On-line retail store services featuring games, game accessories boxes and decks" the portion of Applicant's Goodgames application filed pursuant to 15 U.S.C. §1051(a) based upon bona fide use in commerce is *void ab initio* and should be refused registration.

10. The Opposer, since long prior to Applicant's constructive use filing date of May 20, 2016 for the mark Goodgames covering the remainder of the services in Serial No. 87/044911, has continuously used and promoted the online video and computer games and gaming services offered under its Goodgame Marks to persons in the United States.

11. The designation Goodgames which Applicant seeks to register so resembles Opposer's Goodgame Marks as to be likely to cause confusion, mistake and deception as to the source, sponsorship or affiliation of Applicant's goods and services, all to Opposer's damage. Persons interested in online gaming and participating in online gaming services are likely to be confused that Applicant's services originate from, or are licensed or approved by Opposer, and dissatisfaction will reflect falsely upon and irreparably damage Opposer's valuable reputation and goodwill in its Goodgame Marks.

12. The use, promotion and registration of Goodgames mark by the Applicant, a direct competitor of Opposer, will cause customers throughout the United States to assume, erroneously, and to be confused, misled and/or deceived, that the Applicant's Goodgames services are affiliated with, endorsed or sponsored by Opposer, all to the Opposer's irreparable damage.

13. For the reasons set forth in paragraphs 1 through 12, Opposer believes, and in so believing asserts, that the goodwill in its distinctive Goodgame Marks will be damaged under *Section 2(d)*, and on the basis of the alleged used based portion being void ab initio, and that the Applicant should be denied the registration of the Goodgames mark for all of the services for which it has filed application Serial No. 87/044911.

14. By reason of the foregoing, Applicant's application of Goodgames for "(Based on Use in Commerce) On-line retail store services featuring games, game accessories boxes and decks (Based on Intent to Use) Franchise services, namely, offering business management assistance in the establishment and operation of retail outlets that feature board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of

games; Retail outlets featuring board games, role playing games, war games using model soldiers, card games to be played on the premises, and sold to customers, as well as tournaments conducted on the premises for different forms of games in International Class 35, and “(Based on Intent to Use) Organizing, conducting and operating board games, card games and other forms of competitive tournament; entertainment in the nature of board game, role playing game and card game tournaments conducted at retail outlets” in International Class 41 is likely to cause confusion with Opposer's Goodgame Marks for identical goods and services, and thus is not registrable under Section 13 of the Trademark Act of 1946 (15 U.S.C. § 1063).

15. By reason of the foregoing, the portion of Applicant's Goodgames application filed pursuant to 15 U.S.C. §1051(a) is *void ab initio* for failure to make bona fide use and continuous use in the United States since the sworn date of first use alleged in Application Serial No. 87/044911, and should be refused registration.

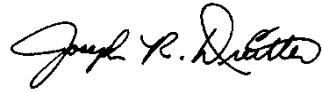

WHEREFORE, Opposer prays that this Opposition be sustained and that application Serial No. 87/044911 – Goodgames (and design) – be refused registration.

The fee of \$600.00 to oppose this application in both classes 35 and 41 as provided by *Sections 13 and 31 of the Trademark Act of 1946* is paid by charging Opposer's attorneys' credit card.
