Opposition No. 91235639

CHG Management, Inc.

v.

Develus Systems Inc.

Christen M. English, Interlocutory Attorney:

The parties' joint motion, filed December 21, 2018, to suspend proceedings is granted. Proceedings are **suspended**, subject to the right of either party to request resumption at any time. *See* Trademark Rules 2.117(c), and 2.127(a); and TBMP § 605.02 (2018).¹

Status Report Required for Future Motions to Suspend or Extend for Settlement

The Board retains discretion to condition the approval of a consented or stipulated motion to suspend or extend on the party or parties providing necessary information about the status of settlement talks, discovery activities, or trial activities, as may be appropriate. *See* Trademark Rule 2.117(c); TBMP §§ 510 and 605.02.

¹ If, during suspension, either of the parties or their attorneys have a change of address or email address, they must inform the Board. Trademark Rule 2.18(b)(1).

Due to the number of extensions approved so far in this proceeding, the Board imposes a condition on the approval of all future motions to suspend or extend for settlement. Specifically, to establish good cause for all future motions to suspend or extend, the parties must include in the motion a status report setting forth what specific efforts the parties have made towards settlement during the previous period of suspension. The report must set forth, at a minimum, 1) all dates on which the parties have communicated about settlement since the last suspension or extension, and the method of each communication (*e.g.* telephone conferences, emails, in-person meetings), 2) the general nature of each communication, 3) the issues that have been resolved, 4) the issues that remain to be resolved, and 5) a proposed timetable for resolving the remaining issues. Appropriately designated confidential information or materials may be filed under seal pursuant to Trademark Rule 2.126(c); TBMP § 605.02.

Due to this requirement, the parties may no longer use the ESTTA "Consent Motions" forms to submit motions to extend or suspend dates for settlement. Rather, the parties must select the "Opposition, Cancellation or Concurrent Use (general filings)" option, the "Scheduling Motions" option, then the "Motion to Suspend for Settlement Discussions" form to which the parties may attach a motion they have prepared. The motion must set forth both the required status report and a proposed proceeding schedule.² The requirement to use the general filings ESTTA form is

² When parties stipulate to the rescheduling of a deadline for pretrial disclosures and subsequent testimony periods or to the rescheduling of the closing date for discovery and the rescheduling of subsequent deadlines for pretrial disclosures and testimony periods, a stipulation presented in the form used in a trial order, signed by the parties, or a motion in

limited to consent motions based on settlement discussions, and does not prohibit the use of ESTTA consent forms for other filings.

Absent the required status report, a motion to suspend or extend may be denied, even if consented to by the parties. If the Board denies such a motion, dates may remain as previously set. *See* TBMP § 509.01(a).

If there is no word from either party concerning the status of settlement, upon conclusion of the suspension period, **proceedings shall resume without further notice or order from the Board**, upon the schedule set forth below.
