**MOTION FOR AMENDMENT TO THE APPLICATION, POST-PUBLICATION,
WITH OPPOSER'S CONSENT**

Pursuant to 37 C.F.R. § 2.133(a) and TBMP § 514.01, Applicant, Scrip, Inc., with the consent of Opposer Scripps Health, hereby moves to amend the application that is the subject of this Opposition (Serial No. 87/201,304). Specifically, Applicant submits the following amended identification of services:

Current description: Catalog ordering service and electronic catalog ordering service featuring durable medical equipment and supplies; wholesale distributorships featuring durable medical equipment and supplies (Class 35)

Proposed description: Catalog ordering service and electronic ordering service featuring durable medical equipment and supplies marketed to healthcare professionals; wholesale distributorships featuring durable medical equipment and supplies marketed to healthcare professionals (Class 35).

The amendment is permissible under TMEP §1505.01(a), as there is no material change to the information contained in the registration application which would require republication of the mark. The amendment to the description of services narrows the scope of the stated goods with which the mark will be used. All other information set forth in the application is accurate.

This request is made pursuant to a settlement agreement executed on August 3, 2018, between Applicant and Opposer, and Applicant has obtained written consent of Opposer.
