**Tyrone Craven, Lead Paralegal Specialist:**

On February 7, 2018, proceedings were suspended and Applicant was allowed ten days in which to submit the required fee for the motion to divide filed September 29, 2017. It has come to the Board's attention that on February 8, 2018, Applicant submitted the required fee. Applicant's uncontested motion to divide is hereby **GRANTED**. Trademark Rule 2.127(a).

Accordingly, Applicant's application Serial No. 87258643 will be divided into a "parent" application to include the services identified in International Class 38, and a new "child" application to include the services identified in unopposed Class 42. Once divided, the child application will be forwarded for issuance of a registration. The opposition will otherwise continue with respect to the involved "parent" application.

Proceedings otherwise remain suspended pending the processing of the motion to divide.
