3. In connection therewith, Opposer is the owner of, and will herein rely upon, the following United States trademark registrations for Opposer's Mark:

<i>Mark</i>	<i>Reg. No.</i>	<i>Pleaded and Relied Upon Goods/Services</i>	<i>Reg. Date</i>
VITOP	1893148	<i>Class 20:</i> Plastic packaging containers for commercial use; plastic container closures; non-metallic cask taps in the nature of impregnable taps featuring a taxation device	05/09/1995
ORIGINAL VITOP	4239857	<i>Class 6:</i> Taps for casks of metal, namely, taps with a tamper-proof seal that locks the tap in a closed position; Closures of metal for containers; Metallic taps for wine and food storage barrels with a guarantee seal <i>Class 20:</i> Taps for casks of plastic, namely, taps with a tamper-proof seal that locks the tap in a closed position; Packaging containers of plastic; Closures for containers, not of metal; Taps of plastic for wine and food storage containers with a guarantee seal <i>Class 21:</i> Closures for containers for household use	11/13/2012

4. Attached hereto, as Exhibit "A", is a copy of the aforementioned registrations together with printouts from the electronic database records of the U.S. Patent and Trademark Office showing the current status and title. Said registrations are valid, subsisting and constitute conclusive or *prima facie* evidence of Opposer's ownership of Opposer's Mark set forth therein and Opposer's exclusive right to use the registered marks in commerce.

5. Since as early as the year 1995, Opposer or its predecessors-in-interest has continuously used the Opposer's Mark in U.S. commerce through various channels of trade to advertise, market, offer for sale, sell and render Opposer's goods; identify, designate and distinguish Opposer's goods from those of others; and promote Opposer's business to the public. As a result, Opposer's customers and the public in general have come to know and

recognize Opposer's Mark; as well as associate it with Opposer and the goods advertised, marketed, and offered for sale by Opposer both directly and indirectly. Opposer thus has generated significant goodwill in connection with its business and the sale of goods under Opposer's Mark.

6. Applicant is a limited liability company organized and existing under the laws of the state of North Carolina, having an address at 400 Vintage Park Drive, Zebulon, North Carolina 27597.

7. On January 20, 2017, Applicant filed an application to register the standard character trademark "VINTOP" (the "Applicant's Mark") for various goods in International Classes 6, 17 and 20. Said application was accorded Serial No. 87308035 and published for opposition in the Trademark Official Gazette of May 9, 2017, identifying the goods in International Class 6 as "Metal caps for jars and bottles; metal caps for jars and bottles with delayed release oxygen insert cartridges and tablets; metal barrels" and the goods in International Class 20 as "Synthetic non-metal and non-paper closures for containers; corks, stoppers of natural cork; stoppers of cork imitation; stoppers of cork containing natural cork and cork imitation; corks for bottles; natural corks for bottles; imitation corks for bottles; corks containing natural cork and imitation cork for bottles; stoppers of cork or cork imitations for jars and bottles; stoppers of cork or cork imitations for bottles with delayed release oxygen insert cartridges and tablets; synthetic polymer caps and stoppers for use as closures for bottles; synthetic cork or cork imitation stoppers for bottles; wood barrels; nonmetal barrels" (collectively referred to hereinafter as the "At Issue Goods").

8. The Applicant's Mark sought to be registered by Applicant is identical to, a colorable imitation of, or confusingly similar to Opposer's Mark.

9. The At Issue Goods identified in the application opposed herein are identical, similar or closely related to the goods and business in connection with which Opposer uses the Opposer's Mark. There is a specific commercial relationship between the parties' goods and businesses. These goods are advertised, marketed, offered for sale, and sold through the same or similar channels of trade or to the same general class of purchaser.

10. Upon information and belief, Applicant did not use Applicant's Mark in U.S. commerce in connection with the At Issue Goods identified in the application opposed herein before January 20, 2017, the application date listed in the Applicant's Application which is based solely on an intention-to-use. Thus, there is no issue of priority.

11. Upon information and belief, Applicant had actual knowledge of Opposer's prior use of the Opposer's Mark, and sought to trade off of the goodwill and reputation in said mark in adopting the Applicant's Mark opposed herein.

12. The registration or use by Applicant of the mark set forth in the opposed application in connection with the At Issue Goods is likely to cause confusion, result in mistake, suggest a connection, or deceive purchasers as to the origin, sponsorship, association, or endorsement of Applicant's goods sold under Applicant's Mark *vis-à-vis* Opposer and the Opposer's Mark. Further, said registration or use is likely to mislead purchasers of Applicant's or Opposer's goods, as well as the public in general, into believing that either party's goods or business are in some direct or indirect way associated with the other party, or are being sold, originated, sponsored, or endorsed by the other party, *or vice versa*, to the damage and detriment of Opposer. Any defect, objection or fault found with Applicant's goods offered in connection with the Applicant's Mark would necessarily reflect

upon and seriously injure the reputation that Opposer has established for the goods it offers in connection with the Opposer's Mark.

13. If Applicant is granted registration on the opposed application in connection with the At Issue Goods, and Applicant obtains such rights as are conferred under the Principal Register of the Trademark Act of 1946, Applicant will obtain unlawful gain and advantage to which it is not entitled under the Trademark Act of 1946, to the damage and detriment of Opposer.

WHEREFORE, Opposer believes and alleges that it will be damaged by registration of Application Serial No. 87308035, and prays that this Opposition be sustained, that said application be rejected as to the At Issue Goods, and that the mark applied for therein be refused registration as to the At Issue Goods.

Opposer hereby submits the requisite fee of \$800.00 for filing this Notice of Opposition to Application Serial No. 87308035 in International Classes 6 and 20.

Respectfully submitted,

**REQUIREMENTS TO MAINTAIN YOUR FEDERAL
TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE
DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

Requirements in the First Ten Years*

What and When to File:

First Filing Deadline: You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. *See* 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.

Second Filing Deadline: You must file a Declaration of Use (or Excusable Nonuse) **and** an Application for Renewal between the 9th and 10th years after the registration date.*
See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

You must file a Declaration of Use (or Excusable Nonuse) **and** an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**The United States Patent and Trademark Office (USPTO) will NOT send you any future notice or
reminder of these filing requirements.**

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the USPTO. The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. *See* 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. *See* 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

TSDR now includes a Post Registration Maintenance Tab. When viewing a Registered mark, users will now find a new 3rd tab providing Post Registration information next to the "Status" and "Document" tabs, below the search text box. The tab will not appear if the mark is not registered.
