Opposition No. 91238563

*Amtcor Industries, Inc. DBA Gorilla
Automotive Products*

v.

Freerein LLC

By the Trademark Trial and Appeal Board:

On August 8, 2018, the parties filed Applicant's proposed amendment to its application Serial No. 87126154, with Opposer's consent, and Opposer's withdrawal without prejudice of the opposition, contingent upon entry of the amendment.

By the proposed amendment Applicant seeks to **delete** International Class 12 in its entirety from the identification of goods.

When Applicant files a request to amend a multiple class application to delete an entire class (or classes) of goods, the request for amendment is, in fact, an abandonment of the application with respect to that class. *See* Trademark Rule 2.135.

Accordingly, inasmuch as Opposer consents thereto, application Serial No. 87126154 stands abandoned as to International Class 12.

The contingency in Opposer's withdrawal having now been met, the opposition is dismissed without prejudice.
