CONSENTED MOTION TO SUSPEND

Plaintiff Information Builders, Inc. hereby moves to suspend these consolidated proceedings, pursuant to 37 CFR § 2.117(c). Michael Campillo, counsel for defendant, has consented to this motion.

Currently this case is in the Plaintiff's 30-day trial period. See Consent Motion to Extend (paper 12) and order granting extension (paper 13), both filed on May 31, 2019.

However, on June 6, 2019, defendant served supplemental responses to certain discovery requests. These supplemental discovery responses lead to plaintiff moving to amend its pleadings. See paper 16, filed on July 17, 2019.[1]

[1] While Defendant has consented to this motion to suspend, defendant has ***not*** consented to plaintiff's motion to amend its pleadings.

The pendency of the motion to amend the pleadings makes the current schedule untenable. If this case is not suspended, the plaintiff's trial period will have concluded before a decision is made on the scope of the pleadings. Therefore, plaintiff respectfully requests that these proceedings be suspended pending the decision on the motion to amend, at which time a new schedule can be set including discovery on the newly asserted causes of action.
