CONSENTED MOTION TO AMEND
DESCRIPTION OF SERVICES

Defendant CLEARAG, Inc. hereby requests that its Application No. 87/581,211 (the ‘211 Application) which is the subject of the present proceeding, be amended. Specifically, Defendant requests that the listing of services in Class 42 be amended to read:

Application service provider for the agriculture industry featuring application programming interface (API) software for integration of environmental and agriculture data into reports including crops reports, crop management information, crop or plant water stress, agriculture decision support, crop irrigation information, irrigation decision support and/or soil moisture and temperature movement; Agriculture services provider, namely, landscape computer modeling services for providing crop information and decision support and/or for providing crop irrigation information and irrigation decision support; Software as a service for the agriculture industry featuring software for use in crop management, for use in crop irrigation management, for use in agriculture field, for agriculture purposes, for crop irrigation and/or for providing crop information and

decision support; Crop information and decision support services, namely, providing information regarding agricultural research;

No change to the description of services for Class 44 is requested.

Attached as Exhibit 1 is a redline version of the proposed amendment, showing the proposed changes, as well as a clean version of the proposed amendment.

CLEARAG, Inc. and Information Builders, Inc. both consent to the proposed amendment.

Date: November 13, 2018

Respectfully submitted,

CLEARAG, INC.
