The grounds for this request are as follows:

The Parties are engaged in settlement discussions

As the Board knows, the parties reached a worldwide agreement, agreed on the Settlement's language and have been finalizing the exhibits for the Board and the Examiner. However, the Agreement's signing has been delayed by the following unexpected events:

Subsequent to the filing of the last motion, Plaintiff's counsel learned that as part of the reorganization there had been a subsequent assignment of some of Plaintiff's marks. The assignees are Chinese entities with Chinese representatives. Plaintiff's counsel has contacted these representatives. These assignees need an opportunity to review the opposition and agreement to determine how to proceed. The parties greatly appreciate the time the Board has allowed the parties to resolve this matter. The extension sought will serve the interests of judicial economy by allowing the parties to finalize the signing of the agreement or otherwise resolve all matters without requiring the Board's intervention.

Bitmain Technology Limited and Bitmain Technologies Inc. have secured the express consent of all other parties to this proceeding for the extension and resetting of dates requested herein.
