IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

In the matter of Trademark App. Ser. No. 87/837231
Filed: March 16, 2018
Published: July 31, 2018
Mark: VYDIA

NVIDIA Corporation,)
Opposer,)
)
vs.)
)
Vydia, Inc.,)
Applicant.)

NOTICE OF OPPOSITION

NVIDIA Corporation (“NVIDIA” or “Opposer”), a Delaware corporation having a principal place of business at 2788 San Tomas Expressway, Santa Clara, CA 95051, believes that it will be damaged by registration of the mark VYDIA (“Applicant’s Mark”) as shown in Application Serial No. 87/837231 (the “Application”), filed by Vydia, Inc. (“Applicant”), and hereby opposes the Application.

As grounds for this opposition, NVIDIA alleges that:

1. As shown by the publication of Applicant’s Mark in the July 31, 2018 issue of the Official Gazette, Applicant seeks to register the mark in International Class 42 for “Providing a website featuring technology that allows users to monetize audiovisual works and music and musical recordings used in audiovisual works.” The Application was filed March 16, 2018, based solely on use in commerce.

2. On information and belief, as of the filing date of the Application, Applicant’s Mark was not in use in commerce in connection with all the services identified in the Application, and is therefore void *ab initio*.

3. NVIDIA is a worldwide leader in the design and development of computer hardware, software, and related services. Since at least as early as 1993, NVIDIA or its predecessors in interest have marketed and sold computer hardware, software, and other goods and services in connection with the NVIDIA mark.

4. NVIDIA is the owner of the following incontestable U.S. trademark registrations:

Trademark	Reg. No./ Reg. Date	Class: Goods
NVIDIA	1895559 May 23, 1995	9: Integrated circuits
NVIDIA	2341814 April 11, 2000	9: Integrated circuit components for graphics and video systems, namely, multimedia accelerators, graphic accelerators and peripheral units; and computer software for operating and managing the said integrated circuit components
NVIDIA	2379910 August 22, 2000	42: Design of computer hardware, software and peripherals for others
NVIDIA	3087428 May 2, 2006	9: Computer software for the display of digital media; computer software for management, storage and network management of digital media, and enhancement of graphical and video display
NVIDIA	3588524 March 10, 2009	35: On-line retail store services in the field of clothing and computer hardware and software for use in the management of digital media; arranging and conducting trade-show exhibitions in the field of electronics; providing an on-line-computer database featuring trade information in the field of computer graphics

These trademarks are valid and subsisting and are conclusive evidence of NVIDIA's exclusive right to use the mark in commerce in connection with the goods specified therein.

5. NVIDIA hereby gives notice that it will rely on these registrations in this proceeding. Attached to this Notice of Opposition is a current printout of information from the electronic database records of the U.S. Patent and Trademark Office showing the current status and title of these trademark registrations.

6. By virtue of widespread and continuous use of its NVIDIA Marks, NVIDIA has established extensive common law rights in the NVIDIA mark, including for the goods identified herein, and including, for example, computer hardware and software for use in audiovisual content creation, television, film and video production, and streaming of multimedia content. All of NVIDIA's marks that consist of or incorporate the term NVIDIA are referred to herein as the "NVIDIA Marks."

7. There is no issue as to priority. NVIDIA began use of the NVIDIA Marks before the filing date of the Application, and NVIDIA's registrations were filed and matured to registration before the filing date of the Application.

8. NVIDIA's nationwide trademark use of the NVIDIA Marks has been valid and continuous since the date of first use and has not been abandoned. As a consequence of NVIDIA's marketing, promotion, advertising, and sales activity, the NVIDIA Marks have come to be identified as a designator of NVIDIA's goods and services, and, as a result, have become valuable assets of NVIDIA, and principal symbols of its goodwill.

9. NVIDIA and VYDIA are visually and aurally similar, and the goods and services identified in the Application are similar and/or related to NVIDIA's goods and services, including the goods and services identified in NVIDIA's trademark registrations. In view of the similarities of the respective marks and the related nature of the goods and services of the respective parties, Applicant's Mark so resembles the NVIDIA Marks as to be likely to cause

confusion or mistake or to deceive, thereby causing loss, damage, and injury to NVIDIA and the purchasing public.

10. NVIDIA is not connected with Applicant or with the services Applicant offers or claims to offer under the VYDIA mark. Therefore, Applicant's use of the VYDIA mark is likely to falsely suggest a connection between Applicant and NVIDIA's trade name and identity because the VYDIA mark is the same as or a close approximation of NVIDIA's name and identity. The reputation of NVIDIA's name and identity is of such a nature that a connection with NVIDIA would be presumed when Applicant uses VYDIA in connection with Applicant's purported services. Because Applicant's use of VYDIA uniquely and unmistakably points to NVIDIA's name and identity, Applicant's VYDIA mark falsely suggests a connection to NVIDIA's name and identity.

WHEREFORE, Opposer NVIDIA Corporation prays that this Notice of Opposition be sustained, that Applicant's Trademark Application Serial No. 87/837231 be rejected, and that Applicant be denied registration of VYDIA as a trademark for the goods and services specified in the Application. Please charge the requisite \$400.00 filing fee for this Notice of Opposition and any additional fees to our Deposit Account No. 50-0261.

Respectfully submitted,

Dated: November 28, 2018
