**NOTICE OF OPPOSITION**

Advanced Micro Devices, Inc., well-known by its trade name and house mark “AMD” (“Opposer”), a Delaware corporation located and doing business at 2485 Augustine Drive, Santa Clara, California 95054 (formerly at One AMD Place, Sunnyvale, California 94088, P.O. Box 3453), believes it will be damaged by registration of the mark AMDOX shown in Application Serial No. 88/096,653 and hereby opposes the same. The grounds for the opposition are as follows:

1. Since long before the alleged first use date and application date of Application Serial No. 88/096,653, Opposer has manufactured, distributed, advertised and sold computer-related products, including computer hardware, under the trademark AMD.

2. Opposer owns, *inter alia*, the following U.S. federal registrations for its AMD house marks and its family of AMD product marks (“AMD Marks”):

Mark	Reg. No.	First Use Date	Reg. Date	Goods

Print-outs from the United States Patent and Trademark Office records showing the current status of these registrations are attached hereto as composite Exhibit A.

3. Opposer has sold billions of dollars' worth of computer-related products under its AMD trade name and AMD Marks referenced above and has spent substantial sums advertising and promoting its AMD Marks throughout the United States.

4. By virtue of its extensive sales, advertising and promotion, Opposer now owns common law rights and valuable goodwill symbolized by its AMD Marks, in addition to its registrations of AMD, as noted above. Further, by virtue of AMD's extensive use and promotion of the AMD Marks, the AMD mark has become a very strong mark, readily associated with a wide variety of computer, computer-related, and other electronic products.

### **Priority and Likelihood of Confusion**

5. Opposer incorporates herein the allegations of Paragraphs 1 through 4.

6. On August 29, 2018, Applicant Shenzhen Leadingstar Science & Technology Development Co., Ltd. (“Applicant”) filed Application Serial No. 88/096,653 (“the Opposed Application”) to register the mark AMDOX for “Computer hardware; Computer software for application and database integration; Digital signs; Electronic notice boards; LCD projectors used to display advertisements; Television monitors; Televisions; Video screens; Mini beam projectors; Remote controls for projectors” in International Class 9. Applicant’s application was filed under § 1(A) of the Lanham Act.

7. The claimed first use date of the Opposed Application is September 16, 2014.

8. Upon information and belief, neither Applicant nor any predecessor or related company of Applicant has any basis for claiming rights in the trademark AMDOX earlier than the alleged first use date of the Opposed Application.

9. Applicant’s claimed use of and application to register the mark AMDOX are without Opposer’s consent.

10. The goods covered by the Opposed Application are highly related to the Opposer’s AMD goods and services. For example, the Opposed Application covers “computer hardware,” which subsumes many of Opposer’s AMD computer hardware goods, including, but not limited to, semi-conductor integrated circuits, microprocessors, electronic circuit boards, graphics cards, and graphics boards, all of which are computer hardware. Further, in the era of media streaming capability and projection of images from computers, computer-related hardware and other electronic video hardware, including televisions, television monitors, video screens,

and projectors, have essentially converged as not only related products, but products used interchangeably and/or in combination.

11. Given the similarity in phonetic pronunciation and appearance of Opposer's AMD mark to Applicant's "AMDOX" mark, and the fact that the goods covered by the Opposed Application are highly related to Opposer's AMD goods and services, Applicant's use of and application to register AMDOX is likely to result in confusion, mistake or deception with Opposer's AMD mark, or in the mistaken belief that Applicant or its AMDOX products are in some way legitimately connected with, licensed or approved by Opposer or related to AMD products.

12. Accordingly, registration of the Opposed Application would be damaging to Opposer.

**No Use of Mark in U.S. Commerce as of Application Date**

13. Opposer incorporates herein the allegations of Paragraphs 1 through 12.

14. Applicant filed the Opposed Application on August 29, 2018 under Section 1(a) of the Lanham Act, 15 U.S.C. § 1051(a), alleging use of the mark in commerce.

15. Upon information and belief, Applicant was not using the AMDOX mark in U.S. commerce at the time of the August 29, 2018 application date of the Opposed Application.

16. Upon information and belief, Applicant had not used the AMDOX mark in U.S. commerce prior to the August 29, 2018 application date of the Opposed Application.

17. Upon information and belief, the television shown in the specimen submitted in support of the Opposed Application was not offered in U.S. commerce as of the application date of the Opposed Application.

18. Upon information and belief, neither Applicant nor any predecessor or related company of Applicant has any basis for claiming rights in the trademark AMDOX earlier than the application date of the Opposed Application.

**WHEREFORE**, Opposer prays that its opposition be sustained and registration of Application Serial No. 88/096,653 be refused.

Opposer submits the requisite filing fee of \$400. Please debit any deficiency or credit any overpayment to Deposit Account No. 16-0650. Please address all correspondence to Belinda J. Scrimenti, Pattishall, McAuliffe, Newbury, Hilliard & Geraldson LLP, 200 South Wacker Drive, Suite 2900, Chicago, Illinois 60606.
