Any future motion to extend, suspend, or reopen must be supported by a detailed report to establish good cause by reciting (1) the dates on which the parties have communicated since the last motion, (2) the method of each communication (e.g., telephone, email, in-person, etc.), (3) the general nature of each communication, (4) a list of issues that have been resolved, (5) a list of issues that remain to be resolved or remain for trial, and (6) a proposed timetable for resolution of the unresolved issues; failing which, the prospective motion may not be approved, even if consented by the parties. See TBMP § 510.03(a). In view of the foregoing order, the parties are also barred from submitting any further consented motion to extend or to suspend this proceeding using the “consent” forms available through the Electronic System for Trademark Trials and Appeals (ESTTA).

Generally, the Federal Rules of Evidence apply to Board trials. Trial testimony is taken and introduced out of the presence of the Board during the assigned testimony periods. The parties may stipulate to a wide variety of matters, and many requirements relevant to the trial phase of Board proceedings are set forth in Trademark Rules 2.121 through 2.125. These include pretrial disclosures, the manner and timing of taking testimony, matters in evidence, and the procedures for submitting and serving testimony and other evidence, including affidavits,

declarations, deposition transcripts and stipulated evidence. Trial briefs shall be submitted in accordance with Trademark Rules 2.128(a) and (b). Oral argument at final hearing will be scheduled only upon the timely submission of a separate notice as allowed by Trademark Rule 2.129(a).

TIPS FOR FILING EVIDENCE, TESTIMONY, OR LARGE DOCUMENTS

The Board requires each submission to meet the following criteria before it will be considered: 1) pages must be legible and easily read on a computer screen; 2) page orientation should be determined by its ease of viewing relevant text or evidence, for example, there should be no sideways or upside-down pages; 3) pages must appear in their proper order; 4) depositions and exhibits must be clearly labeled and numbered – use separator pages between exhibits and clearly label each exhibit using sequential letters or numbers; and 5) the entire submission should be text-searchable. Additionally, submissions must be compliant with Trademark Rules 2.119 and 2.126. Submissions failing to meet all of the criteria above may require re-filing. **Note:** Parties are strongly encouraged to check the entire document before filing.² The Board will not extend or reset proceeding schedule dates or other deadlines to allow time to re-file documents.
