NOTICE OF OPPOSITION

ASSA ABLOY ACCESS AND EGRESS HARDWARE GROUP, INC., a corporation organized and existing under the laws of Delaware and having its principal place of business at 225 Episcopal Road, Berlin, Connecticut 06037 (hereinafter “Opposer”), believes that it will be damaged by registration of the mark shown in application Serial Number 88/543,031 in International Class 9 (hereinafter “Applicant’s Application”) and hereby opposes the same.

This opposition is based on 15 U.S.C. §1063(a) and is timely submitted following Opposer’s timely and appropriate filing of a First 90-day Request for Extension of Time to Oppose Application Serial No. 88/543,031 dated December 19, 2019, which request was also granted by the Trademark Trial and Appeal Board on December 19, 2019. The grounds for this opposition are as follows:

1. Liqin Zhang (hereinafter “Applicant”), an individual who on information and belief is a citizen of China, seeks to register the mark DYALE in standard characters (hereinafter “Applicant’s Mark”) as a trademark for the following goods in International Classes 9 (hereinafter “Applicant’s Goods”):

Class 9: Batteries and battery chargers; Car video recorders; Cell phone cases; Computer hardware and peripheral devices; Computer mouse, namely, touchpads; Data cables; Electronic timers; Eye glasses; GPS navigation device; Hourglasses; Keyboards; Mobile phone straps; Protective films adapted for smartphones; Safety helmets; Selfie sticks; Smart watches; Stands adapted for mobile phones; Wireless chargers; Wireless ear buds

as evidenced by the publication of said mark in the *Official Gazette* on November 19, 2019, and as subsequently amended by Applicant's Post-Publication Amendment filed January 14, 2020 and entered on February 24, 2020.

2. Applicant's Application was filed with the United States Patent and Trademark Office on July 28, 2019 based on Applicant's alleged use of Applicant's Mark with all of Applicant's Goods pursuant to the provisions of 15 U.S.C. §1051(a), and included as dates of use for Applicants' Goods an alleged date of first use anywhere of August 21, 2018 and an alleged date of first use in commerce of August 21, 2018.

3. On information and belief, Applicant acquired no rights in Applicant's Mark in the United States with Applicant's Goods prior to August 21, 2018, when Applicant allegedly first began to use its mark.

4. There is no issue as to priority. Prior to the filing date for Applicant's Application to register Applicant's Mark and prior to any date of use upon which Applicant can rely, Opposer has used and registered its YALE mark and additional marks containing YALE in the United States as shown on Exhibit A (collectively "Opposer's Mark"). The pertinent information about the registrations of Opposer's Mark including their status and record owner are shown on the attached Exhibit B.

5. Opposer's Mark is well-known in the United States and throughout the world for use with the goods shown in the registrations in Exhibit A as well as with a wide variety of other hardware and security products and services related thereto (hereinafter "Opposer's Goods and Services").

6. Since as early as 1875, Opposer and its predecessors in interest, including The Yale & Towne Manufacturing Co., Yale & Towne Inc., Eaton Corporation, Scovill Inc. and Yale Security Inc. have

commercially marketed some or all of Opposer's Goods and Services under Opposer's Mark in the United States and throughout the world on a continuous basis.

7. Opposer's use of Opposer's Mark in the United States significantly precedes the filing date for Applicant's Application to register Applicant's Mark in the United States and any date of use of Applicant's Mark with Applicant's Goods on which Applicant can rely.

8. Opposer's registrations of Opposer's Mark in the United States significantly precede the filing date for Applicant's Application to register Applicant's Mark in the United States and any date of use of Applicant's Mark with Applicant's Goods on which Applicant can rely.

9. Opposer's Mark has become well-known, nationally and internationally, as the trademark of Opposer. Opposer's Mark is recognized around the world by consumers as the trademark of Opposer when used in association with Opposer's Goods and Services.

10. Since as early as 1875, Opposer and its predecessors-in-interest, and their affiliates and licensees, have extensively advertised and promoted Opposer's Goods and Services at trade shows and in catalogs, trade journals and other publications and used and displayed Opposer's Mark in connection with the sale of Opposer's Goods and Services and in advertising Opposer's Goods and Services.

11. Opposer has spent substantial amounts of time, money and effort in developing and marketing Opposer's Goods and Services under Opposer's Mark in the United States and globally. As a result, consumers have come to identify Opposer's Mark with Opposer's Goods and Services and to recognize Opposer's Mark as a source indicator for goods and services of the highest quality and originating from Opposer.

12. Because of Opposer's marketing efforts and sales, Opposer has established a prominent presence in the marketplace and has built significant goodwill in Opposer's Mark. Through the distinctiveness of Opposer's Mark and through widespread and favorable public recognition of Opposer's Mark by the general consuming public, Opposer's Mark has become uniquely associated with Opposer and Opposer's Mark is famous, distinctive and well-known pursuant to 15 U.S.C. §1125(c)(2)(A).

13. Applicant's Mark completely subsumes Opposer's Mark and is identical to Opposer's Mark YALE except that Applicant has simply added the letter "D" before Opposer's Mark.

14. Because Applicant seeks registration of Applicant's Mark in standard characters, Applicant's Mark could be used in a manner or stylization that would further emphasize Opposer's Mark YALE in its mark, heightening even further the substantial similarities between Opposer's Mark and Applicant's Mark.

15. Applicant's Mark is used or to be used with certain goods that are the same, similar or related to Opposer's Goods and Services.

16. On information and belief, it is expected that Applicant's Goods are or will be marketed to the same potential purchasers in the same relevant markets as are Opposer's Goods and Services.

17. On information and belief, the goods marketed under Applicant's Mark are or will be promoted and sold through similar channels of trade and are or will be purchased by the same consumers as are Opposer's Goods and Services.

18. Members of the general public who may encounter Applicant's Mark and Opposer's Mark are not in all instances "*sophisticated purchasers*" as defined in an analysis for likelihood of confusion and are likely to conclude that the respective goods and/or services emanate from the same source.

19. Because of the similarity of marks, goods/services, relevant markets, channels of trade, and consumers, Opposer believes that there will be a likelihood of confusion if Applicant is permitted to register Applicant's Mark for use in conjunction with Applicant's Goods.

20. Opposer's sales and marketing efforts for over a century have caused Opposer and Opposer's Mark to be well-known and well-regarded in the community of consumers who are likely to consider purchasing Applicant's Goods and by the general consuming public. Therefore, it is likely that some members of the relevant consumer market would be confused by the marketing of Applicant's Goods under Applicant's Mark and would believe that Applicant's Goods were associated with, endorsed by, or related to Opposer and/or Opposer's Goods and Services.

21. Any fault or defect in Applicant's Goods would reflect upon and seriously injure Opposer's reputation.

22. If Applicant is granted the registration herein opposed, Applicant would be placed in a position to deceive or mislead the public, as the registration would give Applicant *prima facie* exclusive rights to Applicant's Mark and all confusingly similar marks, thereby causing damage and injury to Opposer.

23. Because of the similarity of marks, goods/services, relevant markets, channels of trade, and consumers, registration of Applicant's Mark would cause damage and injury to Opposer.

24. Because Applicant's Mark consists of a mark which closely resembles a non-abandoned mark previously used in the United States by Opposer, and Applicant's Mark is likely, when used in connection with Applicant's Goods, to cause confusion, to cause mistake, or to deceive, registration of Applicant's Mark is therefore barred under 15 U.S.C. §1052(d) and 15 U.S.C. §1125(a).

25. Opposer's sales and marketing efforts for over a century have caused Opposer and Opposer's Mark to be well-known and well-regarded by the general consuming public of the United States as a designation of source of Opposer's Goods and Services. Therefore, Opposer's Mark is a distinctive and famous mark within the meaning of same as set forth in 15 U.S.C. §1125(c)(2)(A). Applicant filed Applicant's Application to register Applicant's Mark in the United States and began the alleged use of its mark after Opposer's Mark had become famous, and, given the similarities of the marks, use of Applicant's Mark by Applicant is likely to cause dilution of the distinctive quality of Opposer's Mark by lessening the capacity of Opposer's Mark to identify and distinguish goods and/or services emanating from Opposer.

26. Given that Applicant's use of Applicant's Mark is likely to dilute the distinctive quality of Opposer's famous YALE mark, use and registration of Applicant's Mark will cause damage and injury to Opposer.

27. Because Applicant's Mark consists of a mark which will cause dilution of the distinctive quality of Opposer's Mark, registration of Applicant's Mark is, therefore, barred under 15 U.S.C. § 1125(c) and should be refused under 15 U.S.C. §§1052 and 1063(a).

Accordingly, Opposer prays that said Application Serial Number 88/543,031 be rejected and the registration of the mark therein shown for the goods therein specified be refused and denied.

This Notice of Opposition is herewith submitted together with the filing fee in the amount of \$400. If the fees enclosed are not sufficient, or if any additional fees are required, the Patent and Trademark Office is hereby authorized to charge our USPTO Deposit Account Number 502316 in the name of Moore & Van Allen PLLC.

Respectfully submitted, this 18th day of March, 2020.
