Status and title copies of these registrations are filed with this Notice.

4. The Registrations identified in paragraph 3 constitutes *prima facie* evidence of the validity of the registered marks, and of the registration of the marks, and of Total Safety's exclusive right to use the registered marks in commerce on the goods or services of the registration and are constructive notice of Total Safety's ownership of the marks.

5. Total Safety's Registrations identified in paragraph 3, other than Registration No. 4884207 have been registered for more than five years.

6. Moreover, Total Safety's right to use the marks of the Registrations identified in paragraph 3, other than Registration No. 4884207, has become incontestable under 15 U.S.C. §1065 and the registrations are conclusive evidence of the validity of the registered marks, of the registration of the marks, of Total Safety's ownership of the marks, and of its exclusive right to use the registered marks in commerce for the goods or services of the registration.

7. Total Safety's rights in the mark TOTAL SAFETY were established long before the priority date of Applicant's mark TOTALREPORT, which is the subject of application S.N. 88/504131.

8. The services identified in the Application are distributed to the same customers as Opposer's goods and services and through the same trade channels.

9. The Mark Applied For so resembles Total Safety's mark TOTAL SAFETY and the various forms of that mark that Total Safety has registered and used in the United States, that use of the Mark Applied For, for the services identified in application S.N. 88/504131 would be likely to cause confusion, or to cause mistake, or to deceive. 15 U.S.C. §1052(d).

10. The mark TOTALREPORT is merely descriptive of the services for which registration of the mark is applied for. As such, registration of the mark should be refused under 15 U.S.C. §1052(e).

11. For the reasons set out above, Total Safety is being damaged because application S.N. 88/361770, if granted, would create statutory rights in violation of Total Safety's established rights. Moreover, Opponent is a direct competitor of Applicant and its ability to use the descriptive term TOTAL REPORT in connection with its services could be harmed by registration of the mark applied for.

WHEREFORE, Total Safety prays that judgment be entered refusing application S.N. 88/504131 and for such other and further relief that the Board finds just and proper.
