NOTICE OF OPPOSITION

Information Builders, Inc., a corporation of the State of New York, having a principal place of business at 2 Penn Plaza, New York, New York 10121-2898, believes that it will be damaged by registration of the mark identified above, and hereby opposes such registration.

The grounds for the opposition are as follows:

1. Plaintiff is a business intelligence company that produces, markets and/or licenses computer software for database management, for use in decision support systems, and for information control, reporting, and networking, including designing, building, and maintaining databases, recording, processing, analyzing and displaying data and information in a

wide variety of industries and other fields, and provides to its customers support services including education in the use of software, and technical support and consultation in connection with implementation and installation of the software.

2. Since 1975, Plaintiff has been marketing its software under the trademark FOCUS to computer users in a wide variety of industries and providing consulting services in connection with its FOCUS software for use in the management of business, and Plaintiff has registered its trademark in the Patent and Trademark Office under Nos. 1,652,265 and 2,821,942.

3. In the early 1980's, Plaintiff began marketing its software under various additional trademarks which include the trademark FOCUS. Plaintiff is also the owner of the following Patent and Trademark Office registrations:

<u>Registration No.</u>	<u>Trademark</u>
2,248,562	WEBFOCUS
2,685,249	WEBFOCUS

4. Plaintiff sells computerized instruction and training courses, accompanied by related printed materials, for teaching the use of FOCUS software.

5. Plaintiff renders consulting services in connection with its FOCUS software for use in the management of business.

6. Plaintiff has published a magazine entitled FOCUS SYSTEMS JOURNAL, and newsletters entitled FOCUS NEWS and FOCUS FLASH, distributed to computer users, as well as an online magazine entitled "The FOCUS Quarterly", and currently publishes WebFOCUS Journal.

7. Plaintiff established "The Focus Users Group" (FUSE) for its customers, and now holds annual conferences at which representatives of those who use FOCUS software attend educational workshops, see product demonstrations, and otherwise exchange information about FOCUS software.

8. Defendant seeks to register WITHINFOCUS for "Software design and development" in class 42.

9. Upon information and belief, Defendant's goods and services are so closely related to Plaintiff's software, the printed and online materials distributed by Plaintiff, and Plaintiff's services, that use of similar marks on the respective goods and services of the parties is likely to cause confusion or mistake, or to deceive purchasers as to the origin of the goods and services.

10. Upon information and belief, the registration by Defendant of WITHINFOCUS for services closely related to Plaintiff's goods and services will impair Plaintiff's free use of its trademark and will result in injury to the good will Plaintiff

has acquired with respect to its trademark, all to Plaintiff's damage.

WHEREFORE, Plaintiff prays that the registration for which application has been made be disallowed, and that this opposition be sustained.
