Opposition No. 91266233

Health Alliance Plan of Michigan

v.

Strategic Biosciences, LLC

Katie Bukrinsky, Interlocutory Attorney:

On April 8, 2021, Applicant filed a proposed amendment to its involved application Serial No. 88802489, with Opposer's consent. 12 TTABVUE.

By the proposed amendment, Applicant seeks to amend the recitation of services in International Class 44 of the subject application as follows (addition in bold font):

From: Medical diagnostic testing, monitoring and reporting services

To: Medical diagnostic testing, monitoring and reporting services; **all the aforesaid are expressly related to diagnostics of human diseases and expressly exclude healthcare services other than for diagnostics for human diseases.**

The amendment is limiting in nature, as required by Trademark Rule 2.71(a). Because Opposer consents thereto, the amendment is **approved** and entered. See Trademark Rule 2.133(a).

The identification of goods in International Class 10 remain unchanged.

If the amendment resolves this proceeding, Opposer is allowed until **thirty days (30) from the date of this order** to file a withdrawal of the opposition, failing which the opposition will go forward on the application as amended. *See* Trademark Rule 2.106(c).

If no response is filed, proceedings will be resumed and dates reset, as appropriate.

Proceedings are otherwise **suspended**.
