Flickr, Inc.,

Opposer,

v.

Onflick Inc.,

Applicant.

Opposition No.: _____

Mark: ONFLICK

App. Ser. No.: 88/106,958

NOTICE OF OPPOSITION

Opposer Flickr, Inc. (“Flickr”) believes that it will be damaged by registration of the mark ONFLICK, and hereby opposes Application Serial No. 88/106,958 (“Application”) filed by Onflick Inc. (“Applicant”) on September 6, 2018. As grounds for this opposition, Flickr alleges as follows:

I. PARTIES

1. Flickr is a corporation organized under the laws of the state of Delaware with a place of business at 67 East Evelyn Avenue, Suite 200, Mountain View, California 94041.
2. Upon information and belief, Applicant is a corporation organized under the laws of the state of Delaware with a place of business at 119 W 24th Street, New York, New York 10011.

II. FLICKR AND ITS FLICKR MARKS

3. Flickr provides an online image hosting service and video hosting service created in 2004. As of August 2011, Flickr was hosting more than 6 billion images. As of March 2013, Flickr had a total of 87 million registered members and more than 3.5 million new images uploaded daily. As of May 2020, Flickr now has over 133 million registered users, averages over 2 million photo uploads per day, and hosts more than 29 billion photos and videos.
4. Since 2004, Flickr and/or its predecessors in interest have used the FLICKR mark in connection with interactive photo and video sharing services and software, which are available via desktop and tablet computers, and mobile platforms and applications. Among other features, Flickr’s

service and software allow users to upload, post, display, store, organize, search, transmit, like, comment on, interact with, send messages relating to, and share their photos and videos with friends, family, and designated groups within the Flickr community, and/or the general public.

5. Flickr and/or its predecessors in interest have also used the FLICKR mark in connection with online blogging and information services in the field of photography since 2004.

6. Also, since at least November 2007, Flickr and/or its predecessors in interest have used the FLICKR mark in connection with services that allow users to manipulate, edit, modify, and digitally enhance photos and videos that users upload to and store on the Flickr platform.

7. In addition to the foregoing services, Flickr runs a variety of in-house and third-party sponsored sweepstakes and competitions, including its popular and ongoing "Your Best Shot" and "Shine a Light" photography competitions, under the FLICKR mark.

8. Additional information regarding Flickr's software and services is available on its website at Flickr.com.

9. Flickr uses the FLICKR mark, and holds multiple registrations for the FLICKR mark and various stylizations thereof, in the U.S. and around the world in connection with its software and services.

10. In the U.S., Flickr owns the following incontestable registrations for the FLICKR mark:

Mark	Registration No.	Filing Date / Registration Date	Goods/Services
FLICKR	3,455,275	May 10, 2005 / June 24, 2008	<p><u>Class 9</u>: Computer software for use in database management; computer software for uploading, manipulating, and enhancing digital content, documents, photographs, images, video, and audio; computer software for linking metadata tags with photographic and other media files to enable search engine retrieval and database software collections of files and their on-line sharing, and for linking metadata tags with web pages visited, to create links which users can maintain for themselves and share with on-line groups and website tagging.</p> <p><u>Class 38</u>: Communication services by electronic computer terminals and cell phones; telecommunication services by e-mail electronic mail</p>

			<p>services; electronic transmission of messages, images, and via computer terminals and cell phones; providing online forums for discussion and electronic bulletin/message boards for transmission of messages among users in the field of general interest; providing on-line electronic bulletin boards for transmission of messages among computer users concerning personal photographs.</p> <p><u>Class 39</u>: Electronic storage of digital content including text, photographs, images, video, and audio.</p> <p><u>Class 40</u>: Digital enhancement of photographs; alteration and/or retouching of photographic images.</p> <p><u>Class 41</u>: Online journals, namely, blogs concerning topics of general interest to the blogger; photography services; providing information in the field of photography.</p>
FLICKR	4,508,829	Feb. 9, 2012 / April 8, 2014	<u>Class 35</u> : Distributing advertising for others via an online electronic communications network.

Flickr’s aforesaid incontestable registrations for the FLICKR mark are valid and subsisting, unrevoked and uncanceled, and Flickr is the owner of the registrations and all of the goodwill represented thereby. Printouts from the USPTO’s Trademark Status and Document Retrieval system showing the current statuses of the aforementioned registrations are attached hereto as **Exhibit A**.

11. As a result of Flickr and its predecessors’ extensive use of, promotion of, and successes in connection with the FLICKR mark, the FLICKR mark has achieved widespread and substantial recognition and goodwill in association with the goods and services identified in the preceding paragraphs and the aforementioned registrations, and other related goods and services (collectively, “Flickr’s Goods and Services”). Moreover, the public and consumers in the relevant market have come to know the FLICKR mark as an indication of goods and services that originate from or are affiliated with Flickr and Flickr’s Goods and Services.

12. At no time has Flickr granted permission, written or otherwise, to Applicant to use or register any version or variation of the FLICKR mark, or any similar marks, for any purpose.

III. APPLICANT'S MARK AND APPLICATION

13. Applicant is the owner of record of the Application, which covers: "Computer software to enable the transmission of photographs to mobile telephones" in International Class 9; "Entertainment and educational services in the nature of on-line competitions in the field of entertainment, education, culture, sports, and other non-business and non-commercial fields" in International Class 41; and "Providing a website that gives users the ability to review various print, photographic, graphic image, and audio and video content and utilize a custom template to provide input, likes, dislikes, edits, changes, modifications, opinions, suggestions, and comments" in International Class 42 ("Applicant's Goods and Services").

14. Applicant filed the Application on September 6, 2018 with a claimed first use date of February 23, 2018.

15. The Application was published for opposition on August 11, 2020. Flickr timely filed requests for, and was granted, extensions of time to oppose the Application, extending the opposition deadline until February 7, 2021. This Notice of Opposition is therefore being timely filed pursuant to TBMP § 209.02 and 37 CFR § 2.196.

IV. PRIORITY

16. There is no issue as to priority. Flickr and/or its predecessors have continuously used the FLICKR mark, and the FLICKR mark has been distinctive, since well before the date that Applicant filed the Application, and upon information and belief, any other priority date upon which Applicant may rely.

17. Moreover, Flickr and/or its predecessors filed the applications to register the FLICKR mark, and the resulting registrations were issued, well before the filing date of the Application, and upon information and belief, any other priority date upon which Applicant may rely.

V. FIRST CLAIM - LIKELIHOOD OF CONFUSION

18. Flickr realleges and incorporates by reference the preceding allegations in this Notice of Opposition.

19. Applicant's mark, ONFLICK, is confusingly similar to the FLICKR mark.

20. Both parties' marks create the same commercial impression due to their similar features, sounds, and appearances, including their mutual use of the identical shared term "FLICK."

21. Applicant's Goods and Services are identical to, closely related to, and/or directly overlap with, Flickr's Goods and Services.

22. Applicant's Goods and Services are likely to be advertised and/or retained via the same trade channels as Flickr's Goods and Services, and to be used by and marketed to overlapping consumers.

23. Applicant's ONFLICK mark so resembles the FLICKR mark as to be likely, when applied to Applicant's Goods and Services, to cause confusion, to cause mistake, and to deceive the public with consequent injury to Flickr, the trade, and the public.

24. Flickr will be damaged if the Application is allowed to proceed to registration because consumers and prospective consumers are likely to be confused, misled, or deceived into believing that Applicant, or Applicant's Goods and Services offered under the ONFLICK mark, are connected with, sponsored by, or approved by Flickr.

25. Any defect, objection, or fault found with Applicant's Goods and Services marketed or sold under the ONFLICK mark will reflect upon and seriously injure the valuable reputation and goodwill that Flickr has established for the FLICKR mark.

26. Registration of the ONFLICK mark would also damage Flickr because such registration would grant statutory exclusive rights to Applicant in violation of the prior and superior rights of Flickr, and would unduly narrow the scope of protection afforded to the FLICKR mark, in contravention of Section 2(d) of the Trademark Act, 15 U.S.C. § 1052(d).

VI. SECOND CLAIM - DILUTION

27. Flickr realleges and incorporates by reference the preceding allegations in this Notice of Opposition.

28. As a result of Flickr and/or its predecessors' exclusive and extensive advertising of the FLICKR mark, the long duration and extent of its use of the FLICKR mark, and the commercial success Flickr and/or its predecessors have experienced in connection with their use of the FLICKR mark, the FLICKR mark has become widely recognized by the general consuming public of the United States as a

designation of source of Flickr's Goods and Services. Accordingly, the FLICKR mark is "famous" as defined under 15 U.S.C. § 1125(c).

29. The FLICKR mark became famous well prior to the filing date of the Application, and upon information and belief, any other priority date upon which Applicant may rely in this matter.

30. Accordingly, registration of the ONFLICK mark would harm Flickr because such registration is likely to cause dilution of the distinctive quality of the FLICKR mark by eroding consumers' exclusive identification of the FLICKR mark with Flickr, and otherwise lessening the capacity of the FLICKR mark to distinguish Flickr's Goods and Services, in violation of the Lanham Act, 15 U.S.C. § 1125(c)(1).

VII. REQUEST FOR RELIEF

WHEREFORE, Flickr believes that it will be damaged by registration of the ONFLICK mark shown in Application Serial No. 88/106,958 and respectfully requests that this Opposition be sustained and that registration for the ONFLICK mark be refused. This Notice of Opposition is filed according to the rules governing electronic submissions to the Trademark Trial and Appeal Board, including payment of the requisite filing fee.
