**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE  
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

Zinpro Corporation,  Opposer,  v.  Joceline Ltd.,  Applicant.	Opposition No:  In the matter of: Application No: 90/062,536 Mark: ZANIPRO Published in Official Gazette on: January 19, 2021
---	---

**NOTICE OF OPPOSITION**

Trademark Trial and Appeal Board  
U.S. Patent and Trademark Office  
P.O. Box 1451  
Alexandria, VA 22313-1451

Zinpro Corporation, a United States, and Minnesota corporation, with its principal place of business at 10400 Viking Drive, Suite 240, Eden Prairie, Minnesota 55344 (“Zinpro”) believes that it will be damaged by registration of the mark shown in Serial No. 90/062,536 and hereby opposes registration of that mark. Serial No. 90/062,536 is an application of Joceline Ltd., (“Joceline”) filed July 7, 2020 and published for opposition in the Official Gazette January 19, 2021. The grounds for opposition are as follows:

1. Zinpro is the owner of U.S. Registration No. 797,437 for the mark “ZINPRO” for use in connection with “Animal feed supplements” in Class 18, now International Class 5. A true and correct copy of the Registration Certificate for U.S. Registration No. 797,437, and a current

copy of information from the electronic database records of the Office showing the current status and title of the registration is attached as Exhibit 1.

2. Zinpro's ZINPRO® registration, which has achieved incontestability status, is conclusive proof of the validity of Zinpro's mark, Zinpro's ownership of this mark, and of Zinpro's exclusive right to use the mark in commerce with the goods in the registration. 15 U.S.C. § 1115(b). A true and correct copy of Zinpro's Section 8 and 15 Declaration as filed and attached as Exhibit 2.

3. Zinpro is the owner of U.S. Registration No. 5,045,287 for the mark "ZINPRO and Logo" for use in connection with "Animal feed supplements" in International Class 5 registered September 20, 2016. A true and correct copy of the Registration Certificate for U.S. Registration No. 5,045,287, and a current copy of information from the electronic database records of the Office showing the current status and title of the registration is attached as Exhibit 3.

4. Zinpro's ZINPRO logo® registration is prima facie proof of the validity of Zinpro's mark, Zinpro's ownership of this mark, and of Zinpro's exclusive right to use the mark in commerce with the goods in the registration.

5. Zinpro is the owner of U.S. Registration No. 4,957,245 for the mark "ZINPRO LQ" for use in connection with "Animal feed supplements" in International Class 5 registered May 10, 2016. A true and correct copy of the Registration Certificate for U.S. Registration No. 4,957,245, and a current copy of information from the electronic database records of the Office showing the current status and title of the registration is attached as Exhibit 4.

6. Zinpro's ZINPRO LQ® registration is prima facie proof of the validity of Zinpro's mark, Zinpro's ownership of this mark, and of Zinpro's exclusive right to use the mark in commerce with the goods in the registration.

7. The registrations in Exhibits 1, 3, and 4, are all in full force and effect.

8. All of these marks are owned by Zinpro and have the identical ZINPRO component and are used for animal feed supplements.

9. Zinpro has established a family of “ZINPRO” marks (the “ZINPRO” family of marks”) to designate a single source of origin for animal feed supplement and-related goods including human and companion animal such as dog and cat food medical and nutritional supplements.

10. Zinpro has invested time and money in promoting its goods and services under the “ZINPRO” family of marks and it continues to use and promote its goods and services under these marks. Thus, this family of marks represents valuable good will and is an asset of Zinpro.

11. Zinpro has continuously used one or more of the “ZINPRO” family of marks in the United States and elsewhere in connection with animal feed supplements since July 14, 1964. The range of supplements and animals they are directed to has continuously expanded since that time and now are sold in commerce throughout much of the world.

12. The Zinpro goods sold under ZINPRO marks aid health and performance of beef, poultry, swine, equine, agriculture and companion animals, as well as use for human health.

13. On July 20, 2020, Applicant filed Application Serial No. 90/062,536 to register the mark ZANIPRO for use in connection with “Herbal calming drops for cats and dogs; Herbal repellents for cats and dogs; Herbal remedies for cats and dogs” claiming filing basis based upon Section 44(e) and in International Class 5. The specimen submitted with Applicant’s ‘536 Application shows that Applicant’s United Kingdom Registration UK00003437438 which was registered on January 1, 2020

14. In response to an office action Applicant changed the final description to read: Pharmaceutical preparations in the nature of herbal liquid drops to calm cats and dogs; Herbal flea repellents for cats and dogs; Pharmaceutical preparations in the nature of herbal skincare remedies for cats and dogs to treat itchiness and infections, and support general coat and skin health.

15. Some Zinpro products are sold as supporting general coat and skin health.

16. Zinpro acquired trademark rights in and to its “ZINPRO” family of marks long before filing date of Applicant’s ZANIPRO mark.

17. Zinpro has used its “ZINPRO” family of marks on goods and for skin and coat care and health long before Applicant, both in the U.S.A. and elsewhere. Consequently, Zinpro has actual and constructive priority in and to its marks.

18. Applicant’s ZANIPRO mark follows the same syntax as Zinpro’s family of marks and correspondingly has a similar sight, sound, appearance and commercial impression as Zinpro’s family of marks.

19. Applicant’s goods are or are likely to be sold to the same customers in the same channels of trade.

20. Applicant’s goods are also related to the goods offered by Zinpro under its other “ZINPRO” family of marks.

21. Consumers will encounter the Applicant’s and Zinpro’s marks in at least some of the same channels of trade since both parties sell their products or are likely to sell through similar distribution systems.

22. Consequently, the above-identified goods if offered by Applicant and Zinpro are identical or highly related and are likely to be marketed and sold, at least in part, to the same overlapping purchasers.

23. In view, *inter alia*, of the similarity of marks, the goods/services, and the overlapping consumers and channels of trade, Applicant's mark so resembles Zinpro's "ZINPRO" family of marks previously used in the United States, and not abandoned, as to be likely to cause confusion, or to cause mistake or to deceive consumers within the meaning of 15 U.S.C. § 1052(d) in that consumers are likely to believe that Applicant's goods are in some way legitimately connected with Zinpro, all to Zinpro's damage.

24. Registration in International Class 5 of the mark shown in the '536 Application will result in damage to Zinpro under the provisions of Section 2(d) of the U.S. Trademark Act, 15 U.S.C. § 1052(d), pursuant to the allegations stated above.

25. Based on the forgoing, Zinpro respectfully requests that the Board deny the registration of ZANIPRO for the goods listed by the Applicant.

Respectfully submitted,

/Edmund J. Sease/

AFFIDAVIT UNDER SECTIONS 8 AND 15

MARK: ZINPRO

REGISTRATION  
NUMBER 797,437

STATE OF MINNESOTA )  
  ) ss  
COUNTY OF HENNEPIN)

Dean R. Anderson, being sworn, states that he is President of Zinpro Corporation, which owns Registration Number 797,437 issued October 12, 1965, as evidenced by the accompanying title report; and that the mark shown therein is still in use as evidenced by the attached

Brochure

The current sales of the goods sold under this mark are in excess of \$ 10,000.<sup>00</sup> per annum and the advertising expenses used in conjunction with this mark are currently in excess of \$ 1,000.<sup>00</sup> per annum.

The mark shown in the above registration has been in continuous use in interstate commerce for five consecutive years from June, 1966, to the present on the good recited in said registration, namely animal feed supplement. The said mark is still in use in interstate commerce; that there has been no final decision adverse to registrant's claim of ownership of said mark to its right to register the same or maintain it on the Register; and that there is no proceeding involving any of said rights pending and not disposed of either in the Patent Office or in the courts.

Applicant hereby appoints the firm of ZARLEY, McKEE & THOMTF, 500 Central National Bank Building, Des Moines, Iowa, United States Patent Office Registration No. 24,661, as its attorneys to prosecute this affidavit

and it is requested that all correspondence pertaining thereto be sent to the above firm.

# ZIN <sup>®</sup> PRO-40

(A ZINC PROTEINATE product for use in livestock and poultry feeds)  
 Patent No. 3463858

### GUARANTEED ANALYSIS

Crude Protein, not less than .....	20.0%
Crude Fat, not less than .....	2.0%
Crude Fiber, not more than .....	7.0%
Zinc (Zn), not less than .....	9.0%

### INGREDIENTS

Zinc Proteinate

### DIRECTIONS FOR USE

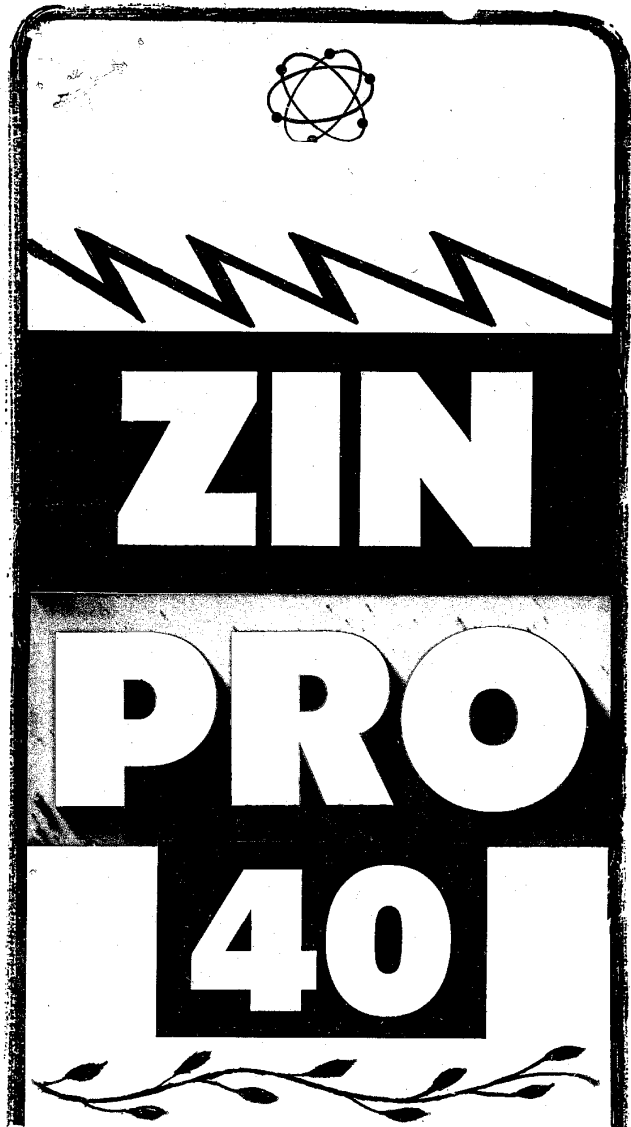

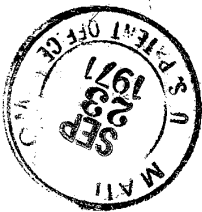

**SWINE:** Use 2 Lbs. per ton in pig starter and grower rations and one (1) Lb. per ton in swine finisher rations. Use 2 Lbs. per ton in gestation (limited fed) and lactation rations. Use amount in swine concentrates that yield the above levels when blended with grain(s).

**POULTRY:** Use 2 Lbs. per ton in broiler starter and finisher rations. Use 2 Lbs. per ton in turkey fryer-roaster rations. For large turkey rations, use 2 Lbs. per ton through 10-12 weeks of age and one (1) Lb. per ton in grower-finisher rations. Use amount in chicken and turkey concentrates that yield the above levels when blended with grain(s). Use 2 Lbs. per ton in starter and grower replacement chick rations and one (1) Lb. per ton in pullet developer rations. Use 2 Lbs. per ton in chicken and turkey breeder rations and 2 Lbs. per ton in commercial layer rations.

**BEEF CATTLE:** For 30-45% protein supplements, use 8-10 Lbs. per ton; for complete feed use one (1) Lb. per ton. Use 2 Lbs. per ton in calf-creep rations.

**DAIRY CATTLE:** For 30-45% protein supplements, use 8-10 Lbs. per ton. For complete feed, use one (1) Lb. per ton. Use 2 Lbs. per ton in calf starters.

**LAMBS:** Use one (1) Lb. per ton on basis of complete ration. Use 2 Lbs. per ton in lamb creep rations.

## **WHAT IS ZINPRO-40 AND WHY WAS IT DEVELOPED?**

ZINPRO-40 is a new concept of Zinc Proteinate for use in livestock and poultry feeds. ZINPRO-40 was developed to eliminate the erratic zinc responses reported at various testing stations throughout the United States.

## **WHAT DOES ZINPRO DO?**

The Zinc Proteinate in ZINPRO-40 heals and improves intestinal tract health in animals and poultry, much the same way as salves containing zinc aids healing in external wounds. Use ZINPRO-40 to improve weight gains in Swine, Beef Cattle, Lambs, Broilers and Turkeys; increased milk production in Dairy Cattle; increase Laying Hen production; improves egg shell strength and quality; improve feed efficiency.

## **DOES ZINPRO-40 ELIMINATE NEED FOR ANTIBIOTICS OR DRUGS IN FEED?**

No! Experimental data have shown that ZINPRO-40 fortified rations give a response over those rations fortified with recommended levels of inorganic zinc. ZINPRO-40 does not kill or inhibit disease causing bacteria, therefore ZINPRO-40 does not replace antibiotics or other drugs commonly used in livestock and poultry rations.

**ZINPRO-40 IS RECOMMENDED AND APPROVED FOR USE IN SWINE, BROILER, TURKEY, LAYING HEN, BEEF CATTLE, DAIRY CATTLE AND SHEEP FEEDS.**

## **DO REGULAR ZINC LEVELS HAVE TO BE INCREASED OR DECREASED WHEN ZINPRO-40 IS ADDED TO FEED?**

No! Just add ZINPRO-40 to your present complete rations as recommended under the directions for use.

## **IS A DRUG APPLICATION REQUIRED WHEN ZINPRO-40 IS USED?**

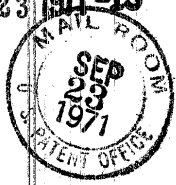

No! ZINPRO-40 (Zinc Proteinate) has been adopted as a nutritional source of zinc for animals and poultry. No drug application is necessary when ZINPRO-40 is used in feeds. The animals and poultry can be marketed normally. ZINPRO-40 is neither a drug nor an antibiotic.

## **FEED MANUFACTURERS:**

ZINPRO-40 should appear on your feed tag as Zinc Proteinate.

**ZINPRO-40 SHOULD BE ADDED TO YOUR PRESENT COMPLETE RATIONS AT THE RATE OF 1-2 POUNDS PER TON. SEE ZINPRO FEED TAG FOR DETAILED INSTRUCTIONS.**

**REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

**Requirements in the First Ten Years\***

**What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

**Requirements in Successive Ten-Year Periods\***

**What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

**Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.**

**NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.**

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.**

**NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.**
