NOTICE OF OPPOSITION

In the matter of applications for registration of the marks REGENCORE, Serial No. 88126501, filed September 21, 2018 and PRICE REGENCORE, Serial No. 88126523, filed September 21, 2018 (the "Opposed Applications") by Price Industries Limited (hereafter "Applicant"), which were published in the Official Gazette of November 2, 2021 in International Class 11, Gencor Industries, Inc., a corporation of Delaware, with an address at 5201 N. Orange Blossom Trail, Orlando, Florida 32810, (hereafter "Gencor Industries" or "Opposer"), believes that it will be damaged by the registration of the marks shown in the above-identified applications and hereby opposes same under the provisions of Section 13 of the Trademark Act of July 5, 1945 (15 U.S.C. §1063). Our payment in the amount of \$1200 is enclosed.

As grounds for opposition, it is alleged that:

1. Gencor Industries is the leading manufacturer of asphalt plants, soil remediation plants, combustion systems and heat transfer systems to the road and highway construction industry. Gencor Industries is also recognized worldwide for manufacturing a line of premium asphalt plants, combustions systems, thermal fluid heating systems and heat exchangers that serve both the industrial, and asphalt markets and which have been proven dependable, highly efficient and rugged in hundreds of industry applications throughout the world. Gencor Industries' companies manufacture the highest quality equipment, and parts and as well as provide after-sale customer support and training to the industry. Gencor Industries maintains two state-of-the-art manufacturing facilities, servicing North America, Europe, the Middle East and Asia.
2. Gencor Industries, has been using the trademark and trade name GENCOR since at least as early as June 1987.
3. Gencor Industries, through its predecessors in interest and wholly owned subsidiaries, has been using the trademark and trade name GENCO since at least as early as January 1957.
4. Gencor Industries' original use of its GENCO trademark was focused on industrial burners, electronic controls, heat exchangers and related accessories in 1957. Gencor Industries' use of its GENCO and GENCOR trade names, and trademarks expanded in the 1980's to include sales, servicing, financing, transportation and consulting services, air pollution control equipment, asphalt manufacturing plants, storage silos, conveyers, bins, hot oil heaters, pug mills, hoppers, and scales, among other things. Such use further expanded again in

the 1990's to include sales, servicing, financing and transportation of contaminated soil remediation equipment and related environmental consulting services. Over the years, it has expanded into other business including synthetic coal energy production, and road construction machinery.

5. Gencor Industries promotes its goods and services, among other ways, on its website at www.gencor.com and www.blawnox.com.
6. In addition to its common law rights, Gencor Industries owns incontestable Trademark Reg. No. 2361043 for GENCOR, which issued June 27, 2000, for custom construction, installation, repair, adjustment, and maintenance of metal bins and silos for storing and conveying mineral aggregates and other materials, conveyers, scales, weighing devices, hot mix asphalt production machines, heating equipment, air pollution control equipment, electrical apparatus, instruments, controls and circuits, computer monitors, operating programs, operating systems and work stations, display panels, switches, thermal measuring devices and electrical warning lights and signals, in International Class 37, custom manufacture of metal containers, bins and silos and material heating, weighing and conveying equipment, to order and/or specification of others, in International Class 40, educational services, namely, conducting classes, seminars, conferences and workshops in the field of asphalt production, soil decontamination, air pollution control and material storage, weighing and conveying, in International Class 41 and consultation and engineering in the field of asphalt production, soil decontamination and air pollution control; calibration

services in International Class 42, all claiming a first date of use in commerce of June 26, 1987. A TSDR Record of the same is attached hereto as Exhibit A.

7. Gencor Industries owns incontestable Trademark Reg. No. 3237021 for G GENCOR & Design, which issued May 1, 2007, for metal hot mix asphalt storage silos and aggregate storage bins, in International Class 6; hot mix asphalt production machines, namely, asphalt mixing machines and electronic controls therefor, sold as a unit, conveyors, conveyors, with scales and thermal soil remediation machines, namely, continuous rotating dryers used to decontaminate soils, in International Class 7; electronic control systems for hot mix asphalt production machines and electronic control systems for weighing devices, namely, scales, in International Class 9; and gas, oil, coal and biomass burners used for industrial purposes and the production of asphalt; thermal fluid heaters for asphalt; and air pollution control units for commercial and industrial use, in International Class 11, claiming first use in commerce of June 26, 1987. A TSDR Record of the same is attached hereto as Exhibit B.

8. Gencor Industries owns incontestable Trademark Reg. No. 3799859 for GENCOR GREEN & Design, which issued June 8, 2010, for, asphalt production plants, namely, machines for mixing mineral aggregates and/or recycled asphaltic materials with liquid asphaltic concrete to form paving materials, in International Class 7; electronic controls for industrial burners used in the production of hot mix asphalt and in the thermal remediation of contaminated soils; electronic controls for thermal fluid heaters for heating asphalt paving materials, in International Class 9; and industrial oil, gas, liquefied propane,

methane and coal-fired burners for use in the production of hot mix asphalt and in the thermal remediation of contaminated soils; thermal hot oil heaters for heating asphalt for paving material, in International Class 11, claiming first use in commerce of October 2008. A TSDR Record of the same is attached hereto as Exhibit C.

9. Gencor Industries owns incontestable Trademark Reg. No. 1635971 for G GENCOR INDUSTRIES, INC. & Design, which issued February 26, 1991, for asphalt manufacturing machines, in International Class 7, claiming first use in commerce of September 1, 1987. A TSDR Record of the same is attached hereto as Exhibit D.
10. Gencor Industries owns incontestable Trademark Reg. No. 2132158 for GENCOR, which issued January 27, 1998, for metal hot mix asphalt storage silos and aggregate storage bins, in International Class 6; hot mix asphalt production machines and electronic controls therefor, sold as a unit, conveyors, conveyors with scales and thermal soil remediation machines, in International Class 7; and electronic controls for hot mix asphalt production machines and weighing devices, namely, scales, in International Class 9; and industrial burners and burners used in the production of asphalt, thermal fluid heaters for asphalt and air pollution control units, in International Class 11, claiming first use in commerce June 26, 1987. A TSDR Record of the same is attached hereto as Exhibit E.
11. Gencor Industries owns incontestable Trademark Reg. No. 2177912 for GENCO ULTRA II & Design, which issued August 4, 1998, for electronic controls for

burners used in the production of hot mix asphalt and in the remediation of contaminated soils, in International Class 9; and industrial burners for use in hot asphalt production and in the remediation of contaminated soils, in International Class 11, claiming first use in commerce of December 1990. A TSDR Record of the same is attached hereto as Exhibit F.

12. Gencor Industries has extensively used its GENCOR and GENCO common law marks and trade names and the marks of Registration Nos. 2361043 for GENCOR, 3237021 for G GENCOR & Design, 3799859 for GENCOR GREEN & Design, 1635971 for G GENCOR INDUSTRIES, INC. & Design, 2132158 for GENCOR, and 2177912 for GENCO ULTRA II & Design to identify and distinguish its goods and services in the marketplace (together the “GENCOR Marks”).
13. Applicant’s REGENCORE and PRICE REGENCORE marks of the Opposed Applications for Applicant’s “Heating, ventilation, air conditioning and air distribution equipment, namely, heating and cooling energy recovery exchangers and structural parts and fittings for the foregoing equipment” so resemble Gencor Industries’ GENCOR Marks as to be likely to cause confusion, mistake or deception within the meaning of Section 2(d) of the Trademark Act.
14. Applicant is attempting to register the confusingly similar REGENCORE and PRICE REGENCORE trademarks for goods that are related to Opposer’s goods and services for its GENCOR Marks.

15. Applicant's priority date, September 19, 2018, in the Opposed Applications is after Gencor Industries' first date of use and use in commerce of its GENCOR Marks in connection with Gencor Industries' goods and services.
16. The Opposed Applications are based on a Section 44E filing basis and Applicant has not asserted a use in commerce filing basis in either of the Opposed Applications.
17. By virtue of Gencor Industries' long prior use, advertising and sale of goods and services under its GENCOR Marks, and its maintenance of high quality standards relating thereto, the public has come to recognize Gencor Industries' GENCOR Marks as an indication of origin in Gencor Industries, as a consequence of which Gencor Industries has established valuable goodwill and exclusive rights in its GENCOR Marks.
18. Gencor Industries' GENCOR Marks and the marks REGENCORE and PRICE REGENCORE of the Opposed Applications are identical in part in that the marks of the Opposed Applications includes the entirety of the literal elements GENCOR and/or GENCO of Gencor Industries' GENCOR Marks. Thus, Gencor Industries' GENCOR Marks and the mark REGENCORE and PRICE REGENCORE of the Opposed Applications and have very similar appearances, pronunciations, and connotations and commercial impressions.
19. On information and belief, Gencor Industries' goods and services offered and sold under its GENCOR Marks and Applicant's goods sold under the marks REGENCORE and PRICE REGENCORE are related goods, which are or are likely to be offered to the same or overlapping classes of purchasers so that

purchasers, prospective purchasers, users and others are likely to be confused, mistaken or deceived into the belief, contrary to fact, that Applicant's goods offered under the marks REGENCORE and PRICE REGENCORE emanate from and/or are in some way sponsored or approved by Gencor Industries or are otherwise related to Gencor Industries' goods under its GENCOR Marks, thereby damaging Gencor Industries.

COUNT 1

LIKELIHOOD OF CONFUSION BASED ON PRIORITY OF USE

20. Gencor Industries repeats and re-alleges each and every allegation contained in paragraphs 1- 19, inclusive, as if fully recited in this paragraph.
21. Gencor Industries first used its GENCOR Marks in commerce prior to the priority dates of the Opposed Applications.
22. Applicant is not lawfully entitled to the registration which it seeks for the reason, *inter alia*, that the mark REGENCORE and PRICE REGENCORE as used or intended for use for Applicant's "Heating, ventilation, air conditioning and air distribution equipment, namely, heating and cooling energy recovery exchangers and structural parts and fittings for the foregoing equipment" so resembles Gencor Industries' previously used GENCOR Marks as to be likely to cause confusion, to cause mistake or to deceive within the meaning of Section 2(d) of the Federal Trademark Act, thereby damaging Gencor Industries.
23. Accordingly, the Opposed Applications should be refused pursuant to Trademark Act § 2(d), 15 U.S.C. § 1052(d), because Gencor Industries has priority of use.

COUNT 2

DILUTION

24. Gencor Industries repeats and re-alleges each and every allegation contained in paragraphs 1- 23, inclusive, as if fully recited in this paragraph.

25. Gencor Industries' GENCOR Marks have become "famous" over the past 34+ years and even more so in recent years as a result of extensive use, sales and advertising, and prior to the priority date of the Opposed Applications and, on information and belief, prior to any date of use of the marks of the Opposed Application by Applicant in the U.S.

26. The Opposed Applications for the marks REGENCORE and PRICE REGENCORE of Applicant in connection with Applicant's "Heating, ventilation, air conditioning and air distribution equipment, namely, heating and cooling energy recovery exchangers and structural parts and fittings for the foregoing equipment" is likely to cause dilution (i.e., a "whittling down" or "blurring") of the distinctive quality of Gencor Industries' famous GENCOR Marks contrary to 15 U.S.C. §1125(c)(1).

WHEREFORE, Opposer hereby respectfully requests: (a) that Application Serial Nos. 88126501 and 88126523 be rejected in their entireties based upon a likelihood of confusion with the GENCOR Marks; (b) that no registrations be issued thereon to Applicant; and (c) that this Opposition be sustained in favor of Opposer.

Respectfully submitted,
GENCOR INDUSTRIES, INC.
