Opposition No. 91273691

Andre P. Marshall

v.

Sculpt Management, LLC

Mary Beth Myles, Interlocutory Attorney:

On February 2, 2023, Applicant filed a notice of appearance of Jason M. Sneed and Megan E. Sneed as additional counsel of record for Applicant. The submission does not include proof of service. Trademark Rule 2.119(a) states that every submission filed in an *inter partes* proceeding must be served upon the other party or parties, and proof of such service must be made before the submission will be considered. *See* TBMP § 113.02. The Board may decline to read or consider any future submission filed by Applicant in this proceeding which does not include proof of service. The Board informed the parties of the rules governing service and the service requirement in the notice of institution. Trademark Rule 2.119(b) sets forth the manner of service. *See also* TBMP § 113.04.

At this time, in order to expedite matters, and because the interests of the parties would be served thereby, the Board serves, along with this order, a copy of the

submission that does not include proof of service. Also, the submission may be accessed via TTABVUE at: <https://ttabvue.uspto.gov/ttabvue/>.

Applicant's appearance of co-counsel is noted; however, Applicant is advised that the Board will ordinarily not undertake double correspondence, that is, the sending of paper correspondence to two addresses on behalf of a single party. *See generally* TBMP § 117.02. Accordingly, NK Patent Law will remain as the primary correspondence address for Applicant's counsel. The email addresses for Applicant's co-counsel have been added to the proceeding, however.

Dates remain as set by the Board's December 29, 2022 order.
