AMENDED NOTICE OF OPPOSITION

Opposer Agilent Technologies, Inc. (“Agilent” or “Opposer”), through its attorneys Holland & Hart LLP, hereby files this Amended Notice of Opposition against Applicant mAgilEnt LLC’s (“Applicant”) U.S. Application Serial No. 90/480,492 for the trademark MAGILENT (“Applicant’s Mark”) because it will be damaged by the registration of Applicant’s Mark. Agilent hereby opposes registration of Applicant’s Mark on the basis of a likelihood of confusion under Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d).

As grounds for this Amended Notice of Opposition, Agilent alleges as follows:

PARTIES

1. Agilent is a Delaware corporation, having a principal place of business at 5301 Stevens Creek Blvd., Santa Clara, California 95051.
2. Upon information and belief, Applicant is a Delaware limited liability company, having a principal place of business at 1101 Heritage Hills Way, Wake Forest, North Carolina 27587.

AGILENT AND THE AGILENT MARKS

3. Agilent was formed in 1999 after its predecessor company, Hewlett-Packard, Inc., announced a strategic realignment to create Agilent as an independent measurement company

composed of test and measurement components, life sciences and chemical analysis, electronics, semiconductor, and communications products.

4. Agilent has grown to become a world leader in the life sciences, diagnostics, and applied chemical markets, providing laboratories worldwide with instruments, software, services, consumables, applications, and expertise. Agilent employs more than 17,000 people globally, serving customers in approximately 110 countries and approximately 265,000 laboratories around the world. Its customers include hospitals, universities, research institutions, government agencies, and chemical and pharmaceutical companies, among other types of organizations.

5. Agilent's expansive offerings include consulting services, technical support services, the design and development of software, and other related services.

6. Since its formation in 1999, Agilent has adopted and continuously used in United States commerce marks consisting of or incorporating the marks AGILENT and AGILENT TECHNOLOGIES in connection with a wide range of services related to consulting services, technical support services, and the design and development of software (collectively the "AGILENT Common Law Marks").

7. Specifically, through its significant investment, use, and promotion, Agilent has earned substantial goodwill and consumer recognition in the AGILENT Common Law Marks in connection with Agilent's consulting services, technical support services, and the design and development of software.

8. Agilent also owns numerous trademark registrations consisting of or incorporating the term AGILENT on the Principal Register of the United States Patent and Trademark Office ("USPTO"), including the registrations listed below (collectively the "AGILENT Registrations"). The chart below also lists the services covered by the AGILENT Registrations which are most relevant to this proceeding. True and correct copies of the registration certificates and the current Trademark Status and Document Retrieval ("TSDR") status pages for the AGILENT Registrations identified below are attached hereto as **Exhibit A**.

The AGILENT Registrations and AGILENT Common Law Marks are collectively referred to as the “AGILENT Marks.”

AGILENT	Registered Reg 5296474 Reg 26-SEP-2017 App 87367520 App 10-MAR-2017	Cl. 35 Relocation services for businesses, namely, laboratories; project management for business purposes performed for analytical laboratories who are in the business of conducting scientific research, quality control, regulatory compliance and testing services; business management of analytical laboratories; consulting in the field of business management of analytical laboratories; business consulting services, namely, application and method consulting for analytical laboratories in the nature of identification of customer objectives and goals and providing strategic recommendations for complementing people, process and technology; consulting services, namely, providing business information and business management advice to others for maintaining and extending the life cycle and productivity of analytical laboratory equipment; business management of analytical laboratories, namely, managing and administering contracts with third party vendors of analytical laboratories; electronic catalog services, and online retail store services, both of the foregoing in the field of scientific and laboratory apparatus, instruments, and equipment and parts and components therefor
AGILENT	Registered Reg 5085118 Reg 22-NOV-2016 App 86809933 App 04-NOV-2015	Cl. 42 Cloud computing featuring software for use in controlling and managing information; cloud computing software for management, analysis, interpretation, visualization, and providing diagnostic support, with import functions from data acquisition systems, and export functions towards other apparatus and software; software as a service (SaaS) services featuring software for management, analysis, interpretation, visualization, and sharing of business intelligence and providing diagnostic support, with import functions from data acquisition systems, and export functions towards other apparatus and software; computer network design and computer software design for the management, analysis, interpretation, visualization, and sharing of clinical information; development, updating and maintenance of software and data bases; installation and maintenance of computer software; research, development, design and upgrading of computer software; software design and development; updating, design and rental of software; quality assurance and compliance services for analytical laboratories; remote online operational monitoring of laboratory instruments and associated computer systems for analytical laboratories; computer project management services in the field of scientific research, quality control, regulatory, testing and laboratory productivity services; custom design and development of software for use by analytical laboratories; providing information about data analytics services as they pertain to the operation and application of analytical instruments in the analytical laboratory industry; computer programming for others; technical support services, namely, providing information, consultation, and diagnostic services in the fields of biological and chemical analytic components, computer software, and medical equipment, parts,

		supplies; installation of computer software
AGILENT	Registered Reg 2643345 Reg 29-OCT-2002 App 75729066 App 16-JUN-1999	Cl. 42 Computer programming for others; technical support services, namely, providing information, consultation, and diagnostic services in the fields of semiconductors, electronic and optical components, computer software, and medical equipment, parts, supplies and rental and leasing of computer software, and scientific, electronic, test, signaling, measurement, biological and chemical analytical, optical, telecommunication, installation of computer software

9. Agilent’s goods and services covered under the AGILENT Marks as identified above shall be referred to herein as the “Agilent Goods and Services.”

10. The federal registrations for the AGILENT Marks are valid and subsisting and constitute *prima facie* evidence of the validity of the AGILENT Registrations and of Agilent’s ownership of and exclusive right to use the AGILENT Marks in connection with the goods and services covered under the AGILENT Registrations.

11. As a result of their continuous use, many of the AGILENT Registrations have achieved “incontestable” status pursuant to 15 U.S.C. § 1065, including but not limited to U.S. Registration No. 2,643,345 listed above.

12. The AGILENT Marks have achieved consumer recognition in association with the Agilent Goods and Services due to the continuous use of the AGILENT Marks in connection with the Agilent Goods and Services, the significant publicity associated with Agilent and the Agilent Goods and Services, and the commercial success of the Agilent Goods and Services.

13. The common element that is shared among the AGILENT Marks—the term “AGILENT”—is both recognizable and distinctive and serves as a source identifier to distinguish Agilent’s goods and services from those offered by third parties, creating a family of AGILENT trademarks. Indeed, since 1999, well-prior to the filing date of Application Serial No. 90/480,492 on January 21, 2021, and, upon information and belief, any other priority dates upon which Applicant may rely, Agilent has widely used the AGILENT Marks in its marketing efforts and in everyday sales activities, creating common exposure to and recognition among the

purchasing public such that the common and distinctive element “AGILENT” has itself become indicative of a common origin of Agilent’s goods and services. Agilent’s use of its family of AGILENT-formative trademarks now signals to consumers that all goods and services offered under the AGILENT Marks are affiliated with Agilent, leading those consumers to expect the high quality that Agilent consistently provides under its AGILENT brand.

14. The AGILENT Marks are distinctive of the Agilent Goods and Services, generating valuable goodwill that is associated with Agilent. Agilent generated such goodwill before Applicant’s filing date for Applicant’s Mark on January 21, 2021, the alleged first use of Applicant’s Mark on January 4, 2021, and, upon information and belief, any other priority dates upon which Applicant may rely.

15. At no time has Agilent granted permission, written or otherwise, to Applicant to use or register any form of Applicant’s Mark.

APPLICANT AND APPLICANT’S MARK

16. On January 21, 2021, Applicant filed Application Serial No. 90/480,492, seeking registration of the mark MAGILENT based on use in commerce under Section 1(a) and alleging a date of first use of January 4, 2021, in connection with various services in Class 42.

17. On or about August 13, 2021, and September 18, 2021, Applicant amended Application Serial No. 90/480,492 to identify the following current list of services in Class 42, as published in the *Trademark Official Gazette* on October 26, 2021:

Class 42: Technical support services, namely, migration of legacy business data and design and development of custom computer software for business process improvement for retiring legacy IT systems

18. The services currently set forth in U.S. Application Serial No. 90/480,492 shall be referred to herein as “Applicant’s Services.”

19. Prior to filing this Notice of Opposition, Agilent warned Applicant of its prior rights in the AGILENT Marks and the likelihood of confusion that would result from the use and

registration of Applicant's Mark. Applicant refused to withdraw or amend its application for Applicant's Mark in response to these warnings.

PRIORITY

20. As set forth herein, Agilent owns prior rights in the AGILENT Marks.

21. Agilent's filing dates for the AGILENT Registrations, as well as Agilent's first and continuous use of its AGILENT Marks in connection with the Agilent Goods and Services, occurred prior to the filing date of Application Serial No. 90/480,492 on January 21, 2021, and alleged first use of Applicant's Mark on January 4, 2021.

22. Agilent's prior rights in the AGILENT Marks, therefore, predate the filing date of Application Serial No. 90/480,492 on January 21, 2021, and, upon information and belief, any other priority dates upon which Applicant may rely.

COUNT I: LIKELIHOOD OF CONFUSION

23. Agilent reasserts and incorporates Paragraphs 1 through 22 above as if fully set forth herein.

24. Applicant's Mark is confusingly similar to the AGILENT Marks.

25. Applicant's Services are identical to, overlap with, or are highly related to the Agilent Goods and Services.

26. Applicant's Mark, when used in connection with Applicant's Services, is likely to cause confusion, mistake, or deception that Applicant's Services are those of Agilent, or are otherwise endorsed, sponsored, or approved by Agilent.

27. Applicant's Mark, when used in connection with Applicant's Services, is likely to cause confusion, mistake, or deception as to the affiliation, connection, or association between Applicant and Agilent.

28. Applicant's attempt to register Applicant's Mark with irregular capitalization (*i.e.*, "mAgilEnt") does not diminish the likelihood of confusion between MAGILENT and AGILENT, which merely adds the letter "M" to the beginning of Agilent's prior-registered trademarks.

29. Registration of Applicant's Mark will damage Agilent because such registration would grant statutory, exclusive rights to Applicant in violation of Agilent's prior and superior rights, and it would unduly narrow the scope of protection afforded to the AGILENT Marks.

30. Accordingly, Applicant's Application Serial No. 90/480,492 to register Applicant's Mark should be refused registration under Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d).

REQUEST FOR RELIEF

31. WHEREFORE, Agilent believes that it will be damaged by registration of Applicant's Mark as set forth in Application Serial No. 90/480,492 and respectfully requests that this opposition be sustained and that the registration of Applicant's Mark be refused.

32. The filing fee, in the amount of \$600, was previously electronically transmitted. Any deficiency in the fee should be charged to Deposit Account No. 082623.
