Opposition No. 91281101

Graham Bonnet

v.

James Richard Waldo

Tyrone Craven, Supervisory Paralegal:

As set forth in Trademark Rule 2.126(a)(2), “[e]xhibits pertaining to an electronic submission must be made electronically as an attachment to the submission and must be clear and legible.” Furthermore, a party who submits exhibits must ensure that each page “can be read from top to bottom.” TMBP §§ 703.01(i) and 704.08(a).

Upon review, the Board has determined that the parties’ attachments to the electronic submissions listed below included text that was sideways or upside down, and therefore could not be read from top to bottom. The following pages have been rotated by the Board to correct the issue.

Entry	Pages Rotated
27 TTABVUE	12, 59, 64
28 TTABVUE	83, 84, 86-88, 90-92, 104-106

Each party is responsible for ensuring that its future submissions are clear and legible, with each page displayed so it can be read from top to bottom.¹ *See* Trademark Rule 2.126 and TBMP § 110.02(b). Furthermore, it is recommended that all documents submitted electronically via ESTTA be “machine readable” to allow the Board and others to search the document using key words, and also mark and copy text from it. Any future submission that does not meet the Board’s filing criteria may not be considered.

The proceeding schedule remains as previously set in Applicant’s May 10, 2024 motion. 22 TTABVUE.
