A Place for Rover, Inc.

Opposer,

v.

Puppy Chateau LLC,

Applicant.

Opposition No.: _____

Application No.: 97/108,978

NOTICE OF OPPOSITION

Opposer A Place for Rover, Inc. (“**Opposer**” or “**Rover**”), which has its principal place of business at 720 Olive Way, Suite 1900, Seattle, WA, 98101, believes that it will be harmed by registration of the mark CLUB ROVER (“**Applicant’s Mark**”) in Application Serial No. 97/108,978 (the “**Application**”) due to likelihood of confusion between Applicant’s Mark and Opposer’s ROVER Marks (defined below). Opposer hereby opposes registration of Applicant’s Mark on the following grounds:

1. Rover is a market leader in the pet care industry. Since 2011, Rover has operated a mobile application and website that provides referrals for scheduling pet-care services such as walking, pet-sitting, day-care, boarding, and drop-in visits. For years, Rover has also operated an online retail store that offers pet-related products such as collars, leashes, pet beds, pet feeding and drinking bowls, pet toys, and other merchandise primarily for pets and pet owners.

2. In connection with its business, Rover has used the ROVER mark and brand for pet-related goods and services for over a decade and since long before the filing date of the Application. Rover is well known among pet owners looking for dog walking and pet sitting services by its ROVER name and brand.

3. Rover has registered and applied to register several of its ROVER trademarks, alone as well as with other design and verbal elements, some of which are set forth on Exhibit A (collectively, the “**ROVER Marks**”). Copies of these registrations are attached as Exhibit B.

4. Opposer filed its initial federal trademark application to register the ROVER mark in January of 2012 (now Registration No. 4,493,276) for “providing online referral and appointment scheduling services in the field of dog care services conducted via a global computer network; matching consumers with professional dog care service providers via a global computer network” in Class 35. Registration No. 4,493,276 is incontestable.

5. ROVER has been in use in US commerce continuously since at least as early as August 2011. Due to the widespread and longstanding use and promotion of the ROVER brand, as well as its strong reputation within the industry, Opposer has developed valuable goodwill and strong consumer recognition in the ROVER brand for its pet-care services and products.

6. Applicant filed the Application for Applicant’s Mark on November 4, 2021, based on alleged use of Applicant’s Mark with “recreational dog park services” in Class 41 and “dog day care services; pet boarding services” in Class 43 (“**Applicant’s Services**”).

7. Applicant’s Mark contains the entirety of Opposer’s ROVER name and trademark and the descriptive term “CLUB.” The marks are highly similar in sound, appearance, and commercial impression.

8. Applicant’s Services are dog park, dog care, and pet boarding services.

9. Applicant’s Services are legally identical, competitive, and closely related to some of the services offered and registered by Opposer in association with the Rover Marks.

10. Rover has used its ROVER Marks with pet care services, including services that are identical to Applicant's Services, for over a decade. Rover's oldest registration for ROVER for pet care services was filed in 2012, nearly a decade before the Application filing date.

11. Neither the Application nor Rover's applications and registrations for the ROVER Marks are limited in terms of consumers or trade channels for their respective products or services.

12. Opposer has been using the ROVER Marks to offer and provide identical, competitive, and closely related services since prior to the filing date of the Application, the alleged first use date in the Application, or any date upon which Applicant could rely for priority purposes.

13. Applicant's use and registration of Applicant's Mark with Applicant's Services is likely to cause confusion, deception, and mistake with Opposer's ROVER Marks.

14. If Applicant's Mark were to register, it would give Applicant prima facie evidence of the exclusive right to use Applicant's Mark in association with Applicant's Services, despite Opposer's prior, and longstanding, trademark rights in the ROVER Marks for pet care services. This would be a source of harm to Opposer.

Therefore, Opposer opposes registration of the Application and requests that the Application be refused registration as to Applicant's Services.

Dated: November 9, 2022

Respectfully submitted,
