APPLICANT'S CONSENT MOTION TO AMEND

Pursuant to 37 C.F.R. § 2.133 37 of the USPTO Trademark Federal Statutes and Rules and the TTAB Manual of Procedure (TBMP) 514.01, Applicant, Instamint, LLC, hereby moves to amend its application as detailed below. This motion is made with the consent of the Opposer, Meta Platforms, Inc.

Background

The application in question was filed on December 6, 2022 for the mark Instamint, Serial No. 97112081, for use in connection with:

1. IC 035. US 100 101 102. G & S: Compiling indexes of information related to non-fungible tokens (NFTs) using blockchain technology; Provision of an online marketplace for buyers and sellers of downloadable digital assets in the nature of art images, music, video clips, and financial assets, authenticated by non-fungible tokens (NFTs), all of the foregoing for businesses

2. IC 036. US 100 101 102. G & S: Blockchain-based payment verification services for businesses

3. IC 042. US 100 101. G & S: Authentication of data in the field of financial transactions using blockchain technology to facilitate the issuance and transfer of non-fungible tokens (NFTs) for businesses.

Nature of Amendment

Applicant seeks to amend the identification of goods/services to read as follows, removals stricken out and appendings in red:

1. Class 35: Compiling indexes of information related to non-fungible tokens (NFTs) using blockchain technology; Provision of an online marketplace for buyers and sellers of downloadable digital assets in the nature of art images, music, video clips, and financial assets, authenticated by non-fungible tokens (NFTs), all of the foregoing for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services
2. Class 36: Blockchain-based payment verification services for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services
3. Class 42: Authentication of data in the field of financial transactions using blockchain technology to facilitate the issuance and transfer of non-fungible tokens (NFTs) for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services

Without redlining and the final clear text rendition:

1. Class 35: Compiling indexes of information related to non-fungible tokens (NFTs) using blockchain technology, all of the foregoing for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services
2. Class 36: Blockchain-based payment verification services for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services
3. Class 42: Authentication of data in the field of financial transactions using blockchain technology to facilitate the issuance and transfer of non-fungible tokens (NFTs) for businesses; none of the foregoing in connection with photo or video editing, photo or video sharing, or social networking services

Reason for Amendment

The proposed amendment seeks to specifically define the nature of the goods/services associated with the mark and is the result of an agreement to resolve the current opposition.

Consent

The Opposer, Meta Platforms, Inc, has been informed of this motion and consents to the proposed amendment.

Conclusion

In light of the above, Applicant respectfully requests that the Board grant this motion and allow the amendment to the application as detailed above.

Respectfully submitted,

Jamiel Sheikh
