WITHDRAWAL OF OPPOSITION WITHOUT PREJUDICE

In the matter of the trademark application filed by Cooper-Standard Automotive Inc. for FLUSHSEAL (Ser. No. 90761867) (hereinafter the Application) filed on June 8, 2021, published in the *Official Gazette* of November 22, 2022, Opposer submits:

Applicant has filed an amendment to the identification of goods in the application limiting the goods and the potential customers and trade channels, which if entered, would make the opposition unnecessary.

The United States Patent and Trademark Office Trademark Electronic Search Systems indicates that the Post Publication Amendment, amending the application to cover:

Class 17
Non-metal window seals for use in association with windows sold to manufacturers and their suppliers for automobile and vehicle manufacturing

has been submitted and received and that the "Amendment and Mail Process Complete", so the Parties understand that the Amendment is entered.

On this basis, Opposer withdraws the opposition without prejudice. TMBP §601.01

Applicant has consented to this withdrawal of the Opposition without prejudice.

Respectfully submitted,

By: //Maureen R. Smith//
