NOTICE OF OPPOSITION

Opposer Upsher-Smith Laboratories, LLC (“Opposer”), a Minnesota Limited Liability Company located and doing business at 6701 Evenstad Drive, Maple Grove, MN 55369, believes that it will be damaged by registration of the mark shown in Applicant’s Application Serial No. 97779438 (the “Application”) filed by Pyros Pharmaceuticals, Inc. (“Applicant”), a Delaware Corporation located and doing business at 2001 Route 46, Suite 310, Parsippany, NJ 07054, and hereby opposes the same pursuant to Section 13(a) of the Lanham Trademark Act of 1946 (“Lanham Act”), 15 U.S.C. § 1063(a).

A description of Applicant’s Application is provided below.

Mark:	VIGZIP
Serial No.:	97779438
Filing Date:	February 3, 2023
Filing Basis:	1(b)
Publication Date:	September 26, 2023
Goods:	Pharmaceutical preparations for the treatment of central nervous system disorders
Class:	5

As grounds for opposition, it is alleged as follows:

Background

1. Applicant filed its Application for the mark VIGZIP (Application No. 97779438) on February 3, 2023, based on its intent-to-use the mark in commerce for the goods in International Class 5.

Priority and Likelihood of Confusion

2. Opposer is a pharmaceutical company that focuses on providing specialty brand medicines and generic medicines for the treatment of a wide range of conditions from the areas of high blood pressure and high cholesterol to central nervous system disorders. Founded in 1919, Opposer has committed to improving the lives and health of patients and has expanded their business globally to ensure patients have access to their medicines.

3. Opposer is the owner of U.S. Registration No. 5571338 for VIGADRONE, U.S.

 VIGADRONE

Registration No. 7062077 for VIGADRONE & Design (), and U.S. Registration

VIGADRONE

No. 7062078 for VIGADRONE and Design () (collectively, “Opposer’s Marks”).

4. Opposer’s U.S. Registration No. 5571338, for the mark VIGADRONE, is on the Principal Register for “Pharmaceutical preparations for the treatment of central nervous system disorders” in International Class 5. A printout from the United States Patent and Trademark Office (“USPTO”) Trademark Status & Document Retrieval (“TSDR”) system showing the current status and title of Opposer’s Registration No. 5571338 is attached hereto as Exhibit A. Registration No. 5571338 for Opposer’s Mark was filed on January 17, 2017, registered on September 25, 2018, and claims a first use date of July 16, 2018. Opposer’s Mark VIGADRONE has been used continuously in interstate commerce since July 16, 2018, and it has been protected by the Federal Trademark Registration No. 5571338 since September 25, 2018. The filing date and first use date of Registration No. 5571338 predates the filing date for Applicant’s Application. Opposer’s Registration No. 5571338 is currently valid, subsisting, and incontestable.

5. Opposer's U.S. Registration No. 7062077, for the mark VIGADRONE and

 VIGADRONE

Design (), is on the Principal Register for “Pharmaceutical preparations for the treatment of central nervous system disorders” in International Class 5; “Downloadable electronic publications in the nature of brochures, newsletters and pamphlets in the field of disease conditions and treatment” in International Class 9; and “Printed brochures, newsletters, and pamphlets in the field of disease conditions and treatment” in International Class 16. A printout from the USPTO TSDR system showing the current status and title of Opposer's Registration No. 7062077 is attached hereto as Exhibit B. Registration No. 7062077 for Opposer's Mark was filed on September 7, 2022, registered on May 23, 2023, and claims a first

 VIGADRONE

use date of July 2018. Opposer's Mark VIGADRONE and Design () has been used continuously in interstate commerce since July 2018, and it has been protected by the Federal Trademark Registration No. 7062077 since May 23, 2023. The filing date and first use date of Registration No. 7062077 predates the filing date for Applicant's Application. Opposer's Registration No. 7062077 is currently valid and subsisting.

6. Opposer's U.S. Registration No. 7062078, for the mark VIGADRONE and

 VIGADRONE

Design (), is on the Principal Register for “Providing medical information to healthcare providers and patients relating to diseases and treatment of diseases” in International Class 44. A printout from the USPTO TSDR system showing the current status and title of Opposer's Registration No. 7062078 is attached hereto as Exhibit C. Registration No. 7062078

for Opposer's Mark was filed on September 7, 2022, registered on May 23, 2023, and claims a

first use date of July 2018. Opposer's Mark VIGADRONE and Design () has been used continuously in interstate commerce since July 2018, and it has been protected by the Federal Trademark Registration No. 7062078 since May 23, 2023. The filing date and first use date of Registration No. 7062078 predates the filing date for Applicant's Application. Opposer's Registration No. 7062078 is currently valid and subsisting.

7. Continuously and since long prior to any date upon which Applicant can rely, Opposer has used the VIGADRONE Marks in interstate commerce in the United States in connection with pharmaceutical preparations for the treatment of central nervous system disorders and providing medical information relating to the diseases and treatment of diseases ("Opposer's Goods and Services"). Opposer has extensively advertised and promoted its VIGADRONE Marks and brand through traditional advertising channels and mediums. Opposer has invested considerable effort and expense in promoting its VIGADRONE Marks and brand and the goods and services sold under its VIGADRONE Marks that the purchasing public has come to know, rely upon, and recognize Opposer's offered goods and services by its VIGADRONE Marks. Opposer has established valuable goodwill and a superior reputation in its VIGADRONE Marks.

8. Based on the foregoing, Opposer has acquired common law trademark rights in its VIGADRONE Marks in connection with Opposer's Goods and Services, namely pharmaceutical preparations for the treatment of central nervous system disorders and providing medical information relating to the diseases and treatment of diseases.

9. Applicant's Application was filed on February 3, 2023 based on an intent-to-use for the mark VIGZIP in commerce under Section 1(b) of the Lanham Act, 15 U.S.C. § 1051(b). The filing dates and first use dates of Opposer's Registration Nos. 5571338, 7062077, and 7062078 for Opposer's Marks predate the filing date of Applicant's Application.

10. The VIGZIP mark in Applicant's Application is confusingly similar in appearance, sound, and commercial impression to Opposer's VIGADRONE Marks as shown in Opposer's Registration Nos. 5571338, 7062077, and 7062078.

11. The identified goods in Applicant's Application in Class 5 are identical and directly overlap with the goods in Class 5 identified in the Marks in Opposer's Registration Nos. 5571338 and 7062077 and are closely related to the goods in Classes 9 and 16 identified in Opposer's Registration No. 7062077, and are also closely related to the services in Class 44 identified in Opposer's Registration No. 7062078.

12. In view of the nearly identical nature of the parties' respective marks and the directly identical and competitive or the related nature of the goods and services with which each mark is used, the applied-for mark VIGZIP shown in Applicant's Application so resembles Opposer's VIGADRONE Marks, when used in connection with the identified goods in International Class 5, so as to cause confusion, cause mistake, or deceive under Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d).

13. If Applicant is permitted to register the mark VIGZIP shown in Applicant's Application, the registration and corresponding exclusive right to use the mark VIGZIP in commerce will conflict with Opposer's lawful and exclusive use of the VIGADRONE Marks as shown in Registration Nos. 5571338, 7062077, and 7062078.

14. Applicant's filing of Applicant's Application is without license, authorization, or permission from Opposer.

15. By virtue of the foregoing, Opposer will be gravely damaged by the registration of the mark shown in Applicant's Application because registration of this mark would be in violation of Opposer's statutory and common law trademark rights. Accordingly, Opposer has entitlement to a statutory cause of action to file this opposition under 37 C.F.R. § 2.101(b).

WHEREFORE, Opposer respectfully requests that registration of the mark shown in U.S. Application Serial No. 97779438 is denied under Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d), and that this opposition is sustained in favor of Opposer.

Dated: January 24, 2024.

Respectfully submitted,

Makiko Coffland
