Annexed as **Exhibit A** are copies of TSDR printouts from the U.S. Patent and Trademark Office’s website of the trademark registrations referenced above.

3. Opposer has used the SURETREND Marks in United States commerce since at

least as early as March 2010 in connection with SURETREND goods in Class 9 and since at least as early as January 8, 2018 in connection with SURETREND services in Class 42, and Opposer's use of the SURETREND Marks has been continuous since that time in connection with the SURETREND goods and services.

4. By reason of extensive promotion, advertising, and provision of high-quality goods and services distributed and provided by Opposer in conjunction with the SURETREND Marks, the public and the trade have come to recognize goods and services offered in conjunction with the SURETREND Marks as signifying Opposer.

5. Notwithstanding the prior rights of Opposer in the SURETREND Marks, on October 26, 2020, Applicant filed an application, Serial No. 90/278,374 ("Application"), for registration of SURESIGHT ("Applicant's Mark"), under Section 1(a) of the Trademark Act, with a claimed date of first use and first use in commerce of October 31, 2019, for the following services:

Class 35 - Preparing business reports in the field of food safety, guest safety, and workplace safety; business auditing in the field of foodservice; professional business consultancy; business management and organization consultancy in the field of consulting in safety and operational performance in relation to workplace safety; business management assistance in the field of consulting in safety and operational performance in relation to workplace safety.

Class 41 - Designing food safety programs for others, namely, developing curriculum and training in the field of food safety.

Class 42 - Conducting food safety testing; providing consulting services in the field of inspections and testing in the fields of food safety, guest safety in the nature of inspecting and testing buildings for cleanliness, and workplace safety, food manufacturing, and public health, for quality control purposes; providing safety auditing to improve workplace safety and productivity; food safety testing and consultation related thereto; testing, analysis and evaluation of the services of others to determine conformity with certification standards; conducting quality control inspections for compliance with food safety guidelines.

Class 45 - Providing consulting services in the field of food safety; providing consulting services in the field of workplace safety; providing consulting services in the field of food manufacturing safety, specifically the safety of workers in food manufacturing facilities; providing consulting services in the field of food manufacturing safety, specifically the safety of the food being produced in food manufacturing facilities; conducting safety inspections regarding guest safety at workplaces and workplace safety; conducting inspections for regulatory compliance with food safety guidelines.

COUNT ONE

Likelihood of Confusion

6. Opposer repeats and realleges each and every allegation set forth in paragraphs 1 through 5.

7. The mark proposed for registration by the Applicant, SURESIGHT, has an overall commercial impression that is very similar to the SURETREND marks, is used on or in connection with services closely related to those of Opposer, and is likely to be confused therewith and/or be mistaken therefor. The SURESIGHT mark is virtually identical to the SURETREND marks, having a similar appearance, sound, meaning, and overall commercial impression to the SURETREND marks. The similarity of Applicant's Mark to the SURETREND Marks will likely cause confusion as to the origin of Applicant's services provided in connection with Applicant's Mark.

8. In view of the similarity between the SURETREND Marks and Applicant's Mark, and the related nature of the services of the respective parties, Applicant's Mark so resembles the SURETREND Marks, which are used in the United States and not abandoned, as to be likely to cause confusion, or to cause mistake, or to deceive. Accordingly, consumers will associate Applicant's services with the SURETREND goods and services and conclude that such services are provided or endorsed by, or otherwise affiliated with, Opposer.

9. The granting of a trademark registration for SURESIGHT to Applicant would be contrary to Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d), and would violate or diminish the prior and superior rights of Opposer in the SURETRENDS Marks.

10. If Applicant is granted the registration herein opposed, it would thereby obtain at least a *prima facie* exclusive right to the use of its SURESIGHT mark in derogation of the prior rights of Opposer. Such registration would be a source of damage and injury to Opposer.

WHEREFORE, Opposer Hygiena, LLC, prays that this Opposition be sustained and that Application Serial No. 90/278,374 for the SURESIGHT mark be refused registration for the services therein specified in International Class 42 and for such other relief as may be deemed just and proper.

Respectfully submitted,
HYGIENA, LLC
