Opposition No. 91298027

BHP Holdings, Inc.

v.

Pure Bio Labs LLC

By the Trademark Trial and Appeal Board:

On November 4, 2025, Applicant filed a proposed amendment to its application Serial Nos. 98641701 and 99317999, with Opposer's consent. Additionally, on November 12, 2025, the parties filed a stipulated withdrawal of the opposition with prejudice.

However, inasmuch as application Serial No. 99317999 is not involved in the above-captioned proceeding, the Board does not have jurisdiction and cannot entertain changes to the application.

With regard to application Serial No. 98641701, by the proposed amendment, Applicant seeks to amend the identification of goods in International Class 5 as follows (deletions shown with strikethrough).

From: Dietary supplements; ~~Mineral supplements; Vitamins~~

To: Dietary supplements, **namely synthetic peptide supplements**

The amendment is limiting in nature, as required by Trademark Rule 2.71(a), 37 C.F.R. § 2.71(a). Because Opposer consents thereto, the amendment is approved and entered. *See* Trademark Rule 2.133(a), 37 C.F.R. § 2.133(a).

Because of the Board's lack of jurisdiction over application Serial No. 99317999, the contingency in the stipulated withdrawal has not been met. Accordingly, the parties are allowed **thirty (30) days** from the mailing date of this order to inform the Board how they wish to proceed, failing which proceedings will resume and dates will be reset on the application as amended

Proceedings are otherwise suspended.
