IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Mini Melts USA, LLC *Applicant* v. Mini Melts, Inc. *Opposer*	Opposition No. 91300936 Application Serial No. 98756369

MOTION TO UPDATE OWNERSHIP OF APPLICANT'S ENTITY STATE AND SUSPEND PROCEEDINGS AND RESET ALL TIMES

The Applicant, Mini Melts USA, LLC, by and through its undersigned counsel hereby moves the Trademark Trial and Appeal Board (the "Board" or "TTAB") to allow the Applicant to update ownership of the Applicant's state of organization and suspend the opposition filed against the Application herein, due to this Motion being potentially dispositive.

The Applicant respectfully requests that the Board (i) accept and enter an amendment to the Application to reflect the correct state of organization for the Applicant, (ii) suspend the Opposition No. 91300936 (the "Opposition") by virtue of this Motion being potentially dispositive, and (iii) restore and reset all filing and other relevant dates to the dates the filings were originally made in this proceeding so that Applicant is not prejudiced by the Opposition or suspension. This relief is sought in good faith to ensure the accuracy of the record.

I. Basis for Applicant's Motion

The Board possesses an inherent power to control disposition of cases on its docket, to set its schedule, and to exercise control over applications subject to its jurisdiction.

Pursuant to 37 C.F.R. § 2.117 and § 2.120, the Board is empowered to set schedules and deadlines for the matters before it and to suspend proceedings when deemed appropriate. The Board may exercise the power to suspend *sua sponte* or upon motion. § 2.117; TBMP § 510.01.

Proceedings may be suspended for good cause upon motion granted by the Board. TBMP § 510.03. "When any party timely files a potentially dispositive motion, . . . the case is suspended by the [Board] with respect to all matters not germane to the motion and no party should file any paper which is not germane to the motion. . ." *Id.*; 37 C.F.R. § 2.127(d).

37 C.F.R. § 2.133 also provides that an application subject to an opposition may be amended with the Board's approval or upon motion granted by the Board. § 2.133 holds expressly that an application subject to opposition may not be amended "in substance" without the Board's approval. While this Motion does not seek a substantive change, simply a technical change that does not affect the substantive rights of any party, Applicant nevertheless seeks the Board's approval to ensure the record accurately reflects the Applicant's state of organization and to seek suspension of the Opposition.

Additionally, TBMP § 502.04 states that "[a] party that wishes to have particular deadlines or periods reset upon the determination of a particular motion should file a motion requesting such action and specifying the deadlines or periods it wishes to have reset."

II. Inadvertent Mistake in Providing Applicant's Entity State

a. Background

The purpose of this Motion is to clarify ownership of this Application Serial No. 98756369 for MINI BEADS OF ICE CREAM. BIG BITES OF YUM. As discussed herein, this underlying Application was filed in the name Mini Melts USA, LLC, a Pennsylvania limited liability company, when it actually had previously been domesticated into Delaware. Applicant asserts this is a correctible error and requests that the records of the Board and USPTO reflect ownership in the name of Mini Melts USA, LLC (Delaware) and to clarify its ownership of Application No. 98756369 for MINI BEADS OF ICE CREAM. BIG BITES OF YUM.

Mini Melts USA, LLC, a Delaware Limited Liability Company, at All Times Relevant Was the Owner of this Application

The Applicant, Mini Melts USA, LLC (Delaware), is, and at all relevant times has been, the owner of the application and has maintained the requisite *bona fide* intention to use the mark in commerce. The only error in the application is the inadvertent misstatement of the Applicant's state of organization, identified as a Pennsylvania entity, but in actuality is organized in Delaware. All other information, including the name and ownership, and address remains accurate and unchanged.

The attorneys of record were aware of a conversion of Mini Melts USA, Inc. (Pennsylvania) to Mini Melts USA, LLC (Pennsylvania). See Reel 008259/Frame 0212 dated November 15, 2023 filed herewith as Exhibit 1. Following reorganization and restructuring, another law firm attended to the domestication of Mini Melts USA, LLC from Pennsylvania to Delaware on December 4, 2023. This change has been filed with the Assignment Branch on November 17, 2025 (Assignment ID: 1370887) but has not yet been assigned a Reel and Frame number. Copies of this change and supporting documents are attached herewith as Exhibit 2. Upon information and belief and a thorough search of relevant internal and external records, thereafter,

counsel of record mistakenly and inadvertently filed this application in the name of Mini Melts USA, LLC (Pennsylvania) on September 18, 2024, unaware of this change.

b. Legal Argument

Under 37 C.F.R. § 2.71(d), an "applicant may amend the application to correct the name of the applicant, if there is a mistake in the manner in which the name of the applicant is set out in the application," provided the applicant owns the mark as of the application filing date and the amendment does not substitute a different entity as the applicant. TMEP § 1201.02(c) further clarifies that if "the party applying to register the mark is . . . the owner of the mark, but there is a mistake in the manner in which the name of the applicant is set out in the application, the mistake may be corrected by amendment."

These rules are analogous and applicable to the circumstances herein. The requested amendment does not introduce a new entity, alter the ownership of the mark, or affect the substantive rights of any party, but merely seeks to correct the state of organization of the existing, true owner. At all relevant times, the Applicant, Mini Melts USA, LLC, has owned the application and maintained a *bona fide* intention to use the mark in commerce, and the correction is sought in good faith to ensure the accuracy of the record.

The Board has long held that such errors are correctable, provided the application was filed "by the proper person, i.e., the commercial enterprise which owned the mark or which was entitled to claim a bona fide intention to use the mark as of the application filing date". *See In Re Techsonic Indus., Inc.*, 216 USPQ (TTAB 1982) (holding that an application was correctable by amendment where it contained two errors in the applicant name – (1) the applicant was identified by only a portion of its earlier name (Allied Sports Company instead of Allied Sports, Inc., dba Allied Sports Company), and (2) that earlier name had already been supplanted by a new name (Techsonic Industries, Inc.) as of the filing date – because only one entity was involved throughout the entire procedure, and that entity was the owner of the mark); *Accu Pers. Inc. v. Accustaff Inc.*, 38 USPQ2d 1443 (TTAB 1996) (an application may be amended if it names an applicant entity that did not exist at the time of filing, because the application was filed by the "person" that owned the mark); *Argo & Company, Inc. v. Springer, et al*, 198 USPQ 626 (TTAB 1978) (TTAB permitted an application amendment which substituted three individuals as joint applicants in place of the originally named corporate applicant which was never legally incorporated, because the individuals and non-existent corporation were found to be the same, single commercial enterprise); TMEP § 1201.02(c)(7).

TMEP § 1201.02(c)(5) also provides that if "the owner of a mark legally changed its name before filing an application, but mistakenly lists its former name on the application, the error may be corrected, because the correct party filed, but merely identified itself incorrectly." Here, the Applicant remained the same legal entity but changed its state of organization from Pennsylvania to Delaware before filing. At filing, the Applicant inadvertently listed the former state. Because the ownership of the mark has remained unchanged at all relevant times, such an error is correctable under the TMEP.

The request herein presents a correctable error under TMEP guidance and TTAB precedent. The application remains proper and can be amended because Mini Melts USA, LLC (Delaware),

was and remains the owner of the application with the requisite *bona fide* intention to use the mark in commerce.

c. Proposed Amendment

Under TBMP § 514.01, the Board "recommends submission of a red-lined copy of the proposed amendment clearly showing the proposed changes followed by a clean copy of the proposed amendment. Such a submission will assist Board personnel in determination and, should the motion be granted, entry of the amendment." Accordingly, to assist the Board and its staff in its determination of this Motion, the amendment and a red-lined copy of the same is attached hereto as Exhibit 3.

III. Additional Considerations

Lastly, the Applicant is cognizant of the importance of F.R.C.P. 17(a)(3), which expressly shields litigants from misidentification of the real party in interest, and provides that the court, or the Board in this matter, "may not dismiss an action for failure to prosecute in the name of the real party in interest until, after an objection, a reasonable time has been allowed for the real party in interest to ratify, join, or be substituted into the action. After ratification, joinder, or substitution, the action proceeds as if it had been originally commenced by the real party in interest."

Here, the "real party in interest" is Mini Melts USA, LLC (Delaware), and not as currently identified, Mini Melts USA, LLC (Pennsylvania). The Applicant seeks to comply with F.R.C.P. 17 to ensure the Applicant is the "real party in interest" contemplated by this rule. The Applicant also cannot prosecute this Objection or any proceedings before the Board if it is not the accurate "real party in interest".

Hence, it is essential for the Applicant to amend its state of organization to Delaware in accordance with the Federal Rules of Civil Procedure and to uphold its obligation of transparency and good faith before the Board.

Conclusion

Accordingly, Applicant requests that the Board allow Applicant to update the state of organization to correctly identify the state. Further, in view of this Motion being potentially dispositive, Applicant requests the Board to suspend the Opposition to the Application and reset all filing dates to the originally filed dates.
